JOURNALS
OF THE
LEGISLATIVE ASSEMBLY
OF THE
PROVINCE OF ONTARIO

THURSDAY, FEBRUARY 1st, 1951

PROCLAMATION

RAY LAWSON

CANADA

PROVINCE OF ONTARIO

GEORGE THE SIXTH by the Grace of God of Great Britain, Ireland and the British Dominions beyond the Seas KING, Defender of the Faith.

To Our Faithful, the Members elected to serve in the Legislative Assembly of Our Province of Ontario, and to every of you—GREETING.

DANA PORTER, } **W**HEREAS it is expedient for certain causes and
Attorney-General. } considerations to convene the Legislative
Assembly of Our Province of Ontario, WE DO WILL that you and each of you
and all others in this behalf interested, on Thursday, the first day of February
now next, at Our City of Toronto, personally be and appear for the actual Des-
patch of Business, to treat, act, do and conclude upon those things which, in
Our Legislature for the Province of Ontario, by the Common Council of Our
said Province, may by the favour of God be ordained.

HEREIN FAIL NOT.

IN TESTIMONY WHEREOF We have caused these Our Letters to be made Patent and the GREAT SEAL of Our Province of Ontario to be hereunto affixed.

WITNESS:

THE HONOURABLE RAY LAWSON, Officer of Our Most Excellent Order of the British Empire, Doctor of Laws, LIEUTENANT-GOVERNOR OF OUR PROVINCE OF ONTARIO.

At Our City of Toronto in Our said Province this fourteenth day of December in the year of Our Lord one thousand nine hundred and fifty and in the fifteenth year of Our Reign.

H. A. STEWART,
Acting Clerk of the Crown in Chancery.

Thursday, the first day of February, 1951, being the first day of the Third Session of the Twenty-third Legislature of the Province of Ontario for the Despatch of Business pursuant to a Proclamation of the Honourable Ray Lawson, O.B.E., LL.D., Lieutenant-Governor of the Province.

3 O'CLOCK P.M.

And the House having met,

The Honourable the Lieutenant-Governor of the Province then entered the House and, being seated on the Throne, was pleased to open the Session by the following gracious speech:

Mr. Speaker and Members of the Legislative Assembly:

You are here today to resume your duties at this third session of the Twenty-third Legislature of the Province of Ontario. I am most happy to extend to each one of you, my greeting, and to express my confidence, that as the elected representatives of the people in this great Province, you will address yourselves to your duties with diligence and judgment.

During the year which has passed since you last assembled in this House our Province has continued to progress, and its industrial potential has expanded and grown in very large measure. Employment of our people is at a very high level. Our confidence in this growth has been vindicated, and indeed I may say, established, on a firm foundation. Conditions have changed greatly in the past year. Much to our regret world events have had effects upon our lives which are of the gravest concern. Our nation has found it necessary to assume most heavy responsibilities toward the preservation of its own security and of that of

the free world. Canadian Forces are committed to this task. Many of the members of those Forces claim Ontario as home. The necessities of these conditions have greatly stimulated the already strong influences toward a dangerous inflation of our economy. They have contributed heavily to the soaring cost of living and cost of government. Already we find that our manpower is becoming increasingly short for the demands being placed progressively upon it. Superimposed upon our high level of employment are urgent and pressing requirements for national defence. Material goods, particularly those required for defence, industrial, and construction purposes, are becoming seriously scarce. In Ontario, we are faced with the essential need of a larger working population and by the same influences, with a grave shortage of the material things required to support them. Very considerable progress has been made in the construction of houses for our people. This progress is now endangered by demands for the materials which would ordinarily go into new homes.

It is of the greatest importance to our people, that the inflationary and other destructive influences of those conditions should be brought under control. The very nature of these influences and of the responsibilities flowing from them is national in scope. My Government of Ontario, by virtue of its nature as a provincial government, is unable to control the economy, even within its territorial boundaries, but the necessity for effective restrictive direction is recognized. The Government of Ontario will do all in its power to restrain and contain the inflationary influences of these troubled and extraordinary times, but in view of the grave need for national intervention, expresses the hope that the Government of Canada will formulate and implement such comprehensive direction of our economic policies as will preserve effectively, the security and sound economy of our great nation, and to this end the co-operation of Ontario is offered willingly.

During the past year two Federal-Provincial conferences have been convened and several meetings held. I wish to record satisfaction with the co-operation and mutual understanding evident at these conferences. Consideration was given to the relations between the provinces and the Government of Canada in fiscal matters and to the ways and means of providing a universal old age pension. Very considerable progress was made in all matters and in particular the Government of Ontario has agreed to the proposal that the Government of Canada should extend to all persons, without a means test, old age pensions at seventy years of age, and that between the ages of sixty-five and sixty-nine inclusive the Provincial and Federal Governments should extend pensions to needy persons. Complementary legislation to that of the Parliament of Canada will be introduced as soon as the Federal legislation is available. My Government is most anxious that these benefits to our senior citizens will become effective without delay and every co-operative effort of the Government will be directed to that end.

The financial position of our municipalities has received the constant attention of my Government. The impact of inflated costs has created difficulties for all governments. Nevertheless the municipal position is strong. The net debt which reached one hundred and thirty-eight dollars per capita in 1932 representing four hundred and forty-six million dollars, stood last year at sixty-four dollars per capita representing two hundred and sixty million dollars. Provincial subsidies since 1944 have risen from seventeen per cent of the then municipal levy to more than forty-five per cent of the levy last year, while

municipal assessment has grown to a total of more than four billion dollars. The largest proportion of the increase in the provincial budget is represented by increased payments to the municipalities. At the Federal-Provincial conference last December the impact of heavy Federal taxation on provincial-municipal sources of revenue was stressed and the earliest possible adjustment of tax sources was urged.

It is with apprehension that my Government views the expressed intention of the Government of Canada to abandon at this time, the control of rents. It is hoped that the emergency with which the nation is faced in these unusual days may result in a reconsideration of this intention. In the event that there is no change a measure will be introduced for your consideration which will enable the Government of Ontario, within its limited power, to continue control over rents in these times when shortages are evident on every hand and to lessen hardship for tenants and landlords.

The problem of telephone communication, more particularly in rural areas, has been receiving the attention of my Ministers. Rural telephones in Ontario, speaking very generally, have not had the opportunity of keeping up with the wide technical developments in the communications field. Within the Province there are three telephone systems operated either by the Government itself or by its agencies. I refer firstly to the trunk line system in Northern Ontario operated by the Ontario Northland Railway, a most efficient and modern operation; secondly to the province wide coverage provided by the Department of Lands and Forests, both wire and wireless; and thirdly to the private telephone system operated by the Hydro-Electric Power Commission of Ontario. Legislation will be introduced which is designed to enable the Hydro-Electric Power Commission of Ontario on behalf of the Government of Ontario to assist, extend, co-ordinate, consolidate and modernize rural telephone systems, using where possible rural hydro system lines and facilities.

Within the past few years the demands within Ontario for electric power have increased tremendously. Four great plants have come into operation. Within the last year the Hydro-Electric Power Commission has been able to increase its generating capacity by over six hundred thousand horsepower and the continuation of its program will result in the dependable resources of the Commission exceeding four million horsepower by the end of this coming year. Not the least of the new demands for power has come from the farmers of Ontario. By the end of the coming year over three hundred thousand rural customers representing over a million people in our rural population will be receiving the blessings of electric power. Plans for further great expansion will be given to the House.

Substantial steps have been taken within the fields of conservation and flood control. During the past year, in co-operation with the Government of Canada and with the municipalities concerned, the construction of the Fanshawe Dam and reservoir on the upper Thames River has been started. This project will require the expenditure of more than four million dollars. Other flood control projects have now been completed, notably at Ingersoll and at Long Branch. Other work in progress includes the diversion project at Brampton, the Luther Marsh dam on the Grand River, and work in the County of Kent. Steps have been taken to co-ordinate our own operations and also discussions are under way to effect a Federal-Provincial-Municipal partnership to deal with this most important matter.

The benefits to Ontario agriculture coming from the betterment of telephone communications, the extension of rural Hydro lines and extensive conservation projects are related closely to the many other services provided for the improvement of the conditions of farm life. Research projects in nutrition, pasture improvement, soil utilization, stock improvement, farm marketing and many other fields are being carried out. All of these matters are the subject of constant consideration and action by my Government.

While Ontario is able to boast of the most widespread and modern highway system in Canada the need for highway expansion and modernization is pressing and will continue to be pressing. Not only has motor vehicle registration exceeded the million mark, but our population is increasing daily. Highways must not only withstand increasingly heavy traffic demands, but they must be made as safe for travel as human ingenuity can devise. My Government last year embarked upon a program of expansion and modernization requiring very large capital outlays and in addition upon a program of public works. These programs are of great importance. During last year, at the request of the Federal Government, consideration had to be given to the relative national priorities for construction materials for purposes of national defence, housing and essential industrial expansion. Accordingly the construction of a number of public works had to be suspended. There is every indication that the material situation this coming year will be most difficult.

The provision of shelter for our people continues to be a matter of concern to my Government. During the year just past great strides were made in home construction, some thirty-six thousand units having been started. This greatly exceeds the previous year. The carry-over of unfinished units rose, however, from twenty-three thousand the previous year to twenty-eight thousand at the end of 1950 which indicates the impact of material shortages, particularly in steel. National direction of these materials to projects of priority is wholly desirable and indeed essential, and sight must not be lost of the relationship between our need for manpower and the provision of homes for that manpower.

In times when the world should be at peace, and when the peoples of the world should be entitled to pursue, unrestrained by threats of war, their normal commercial, agricultural and professional vocations, it is distressing and frustrating to be forced constantly to give consideration to the effects of aggression and to protection from those effects. The conditions under which we are living today make it imperative that we prepare to defend ourselves from enemy force. At the request of the Government of Canada, in whom defence is vested, and from whom direction must come, my Government is engaged in the organization of the means of effective Civil defence. Every co-operation on the part of the Provincial and Municipal Governments is being extended to the Federal Government to create a great volunteer force for the protection of our people.

Mention has been made of the expansion of industrial potential within the Province. Over a half billion of dollars have been invested in new manufacturing plants and equipment in the year 1950. This includes over sixty new industries and has resulted in a requirement of sixty-five thousand new workers. The production of our mines this year exceeds a third of a billion dollars. Over one and a half million persons are now employed in industry in Ontario. It is important and significant to appreciate in these unusual times the responsibility placed

on Government, both Municipal and Provincial, for the provision of homes, schools, hospitals, water supply, sanitation needs, fire protection and the many other services rendered necessary by such an increase in the numbers of industrial workers employed within the Province.

It is the belief and conviction of my Government that all men of whatever race, color or creed must be accorded equality in the fundamental rights of the human person, equality in the respect due to man's dignity, equality before the law and equality of rights to employment. In consequence of this belief legislation will be introduced which is designed to assure to our people equality of rights to employment.

Of the very greatest of importance to the people of Ontario are our forests, streams and crown lands. My Government is keenly conscious of the highest necessity of sustaining and renewing our forest resources. Absolute adherence to the principle of sustained yield must govern and control the utilization of these natural resources. Steps already taken, place Ontario in the lead in forestry reform in America. In recognition of the fact that the forests of Ontario are managed in trust for the people of the Province, an advisory committee to the Minister, representative of all interests, has been appointed and will be asked to advise continuously upon the existing and projected policies of my Government.

Studies are being undertaken which, it is hoped, will effect great improvement in the treatment of mental health within the Province. Emphasis is being placed, progressively, upon the prevention of mental debilitation. Legislation regarding the nursing profession will be submitted for your consideration.

Arising out of research work conducted in the use of alcohol, clinical and research branches have been set up under the direction of two Ontario Universities, Toronto and Queen's. A Rehabilitation centre for alcoholics has been established by the Department of Reform Institutions which will deal with 700 patients per year. This work will be integrated with the valuable work being done by the Alcoholism Research Foundation.

It is of interest to note that my Government is giving attention to the improvement of the training of apprentices, particularly in the building trades. It is proposed, among other matters, that a new apprenticeship school be established in an appropriate locality, where training may be given under much more suitable conditions.

In education, conditions are good and are improving. School enrolments rose by twenty-seven thousand; new school accommodation was provided for thirty-six thousand at a cost of over thirty million dollars; the number of untrained teachers dropped to one and one-half per cent of the total staff, and two hundred and eighty-seven more candidates than last year entered teacher training. School grants reached forty-two and a half million dollars and will be larger during the coming year. Grants are now distributed on a new plan which extends more aid for capital expenditures and avoids the sudden and drastic changes which formerly followed slight variations in assessment, population and school expenditure. General interest in education is widespread and deep-rooted. This is shown in the hundred odd communities active in the closer integration of elementary and secondary education, in the scores of schools experimenting

in curriculum revision, in the unprecedented attendance of teachers at summer sessions, in the marked increase of Home and School membership, and in the constructive activity of teachers' federations and trustees' organizations. Our people, dedicated as they are to equality of opportunity, regard with satisfaction, our progress in education, not excelled anywhere.

Among the measures designed for the betterment of the conditions of our people, and which will be introduced, will be those providing for a revision of The Boiler Inspection Act, amendments to The Workmen's Compensation Act, certain helpful amendments to The Mothers' Allowances Act and The Adoption Act, amendments to The Racing Commission Act, an amendment to The Public Service Act and amendments to The Highway Improvement Act. Particular mention should be made of The Niagara Parks Act. It is proposed to enlarge the Commission so as to give appropriate representation to the Municipalities within which lie the Niagara Parks. Legislation will be introduced by the several Departments which will all tend to improve and protect the way of life of our people, with the end always in view of giving to the people of our Province of Ontario the very best Government in the democratic tradition.

A survey of the fiscal conditions of the Province will be presented, together with the plans for the ensuing year. The Public Accounts for the last complete fiscal year and the estimates for the year 1951-52 will all be placed before you for your consideration.

It gives me particular pleasure once again to express thanks to the Public Service of Ontario. Their loyal efforts and diligent application to their duties assure to the people of the Province the carrying out of your decision and direction. Deep appreciation of long service is extended to those who have earned retirement during the past year and we remember with respect those who have died.

I express the hope and wish that, in the interests of the people of our Province, and in the full appreciation of your service to them, your deliberations and decisions will be guided by Divine Providence.

His Honour was then pleased to retire.

PRAYERS.

3.45 O'CLOCK P.M.

Mr. Speaker then reported,

That, to prevent mistakes, he had obtained a copy of His Honour's Speech, which he read.

The following Bill was introduced, read the first time, and ordered to be read the second time to-morrow:—

Bill No. 35, intituled, "An Act to confirm the Revised Statutes of Ontario, 1950." *Mr. Porter.*

The Order of the Day for resuming the Adjourned Debate on the Motion for an Address in Reply to the Speech of the Honourable the Lieutenant-Governor at the opening of the Session, having been read,

The Debate was resumed and, after some time,

Mr. Jolliffe moved, seconded by Miss Macphail,

That the Motion for an Address in Reply to the Speech of the Honourable the Lieutenant-Governor now before the House be amended by adding thereto the following words:—

But this House regrets:

1. That the Government has failed to hold a provincial-municipal conference or to recognize the urgent need for relief of municipal taxpayers;
2. That the Government has failed to forecast any improvement in agricultural marketing legislation;
3. That the Government has failed to disclose any plan to remedy the breakdown of the dominion-provincial housing programme;
4. That the Government has failed to reverse the prodigal practices of previous administrations during the past quarter-century in wastefully alienating the natural resources of Ontario.

And the debate having continued, after some time it was, on motion by Mr. Oliver,

Ordered, That the Debate be adjourned until to-morrow.

The Provincial Secretary presented to the House, by command of the Honourable the Lieutenant-Governor:—

Report of the Minister of Agriculture respecting Co-operative Marketing Loans made under The Co-operative Marketing Loan Act for the year ending December 31st, 1950. (*Sessional Paper No. 26.*)

The Debate was resumed and, after some time,

Mr. Oliver moved, seconded by Mr. Nixon,

That the Amendment to the Motion for an Address in Reply to the Speech of the Honourable the Lieutenant-Governor now before the House be amended by deleting Clauses 3 and 4 thereof and substituting therefor the following clauses:—

3. That this Government, without responsibility for the national defence, has failed to indicate any intention to act within the sphere of its own powers to overcome the added financial and material difficulties that beset home building.
4. That the Government has failed to reverse the prodigal practices of preceding Conservative administrations for the last seven and a half years in wastefully alienating the natural resources of the Province.
5. That the Government has failed to disclose any plan to remedy the obvious defects in The Labour Relations Act (1950).

and adding thereto the following clause:

And this House begs to advise Your Honour that the Government does not enjoy the confidence of the people of the Province of Ontario.

And the debate having continued, after some time it was, on motion by Mr. Dunbar,

Ordered, That the debate be adjourned.

The Provincial Secretary presented to the House, by command of the Honourable the Lieutenant-Governor:—

On motion by Mr. Frost, seconded by Mr. Doucett,

Ordered, That Order No. 3, for the Second Reading of Bill No. 47, An Act to extend the Right to Vote at Municipal Elections to the Classes of Persons that may Vote at Elections to the Assembly, be discharged as the Bill deals with the same subject matter as was contained in the motion moved by Mr. Scott (Beaches) which had now been dealt with by the House.

The Order of the Day for the Second Reading of Bill No. 36, An Act to amend The Hours of Work and Vacations with Pay Act, having been read,

Mr. Thornberry moved that the Bill be now read a second time, and, a debate arising, after some time,

Mr. Daley moved in amendment, seconded by Mr. Frost,

That the subject matter of Bill No. 36 being one which properly comes within the field of collective bargaining under the provisions of The Labour Relations Act, and under the Federal legislation in that regard, and legislation having been adopted by this Legislature approving the principle of maximum hours of work and of minimum vacations with pay, and providing therefor without in any way restricting the principle of collective bargaining, Bill No. 36 be not now read a second time but be read a second time this day six months hence.

The amendment having been put was declared to be carried.

The House resolved itself into a Committee to consider certain Resolutions and certain Bills.

Mr. Frost acquainted the House that the Honourable the Administrator of the Province, having been informed of the subject matter of the Resolutions recommends them to the consideration of the House.

After some time, Mr. Speaker resumed the Chair, and Mr. Patrick reported that the Committee had come to certain Resolutions as follows:—

Resolved,

That the sum of 90 cents per day and in the case of a boy or girl belonging to a part of a provisional judicial district not within a city or separated town or a town or township having a population of 5,000 or over the sum of \$1.80 per day for each day's actual stay of a boy or girl in a private training school shall be paid quarterly by the Treasurer of Ontario to the society maintaining the training school out of any moneys appropriated for that purpose,

as provided by Bill No. 58, An Act to amend The Training Schools Act.

Resolved,

That,

there shall be paid out of such moneys as may be voted therefor by the Legislature to every municipality having an agreement under subsection 2 of section 2, section 3a or section 5 of The Homes for the Aged Act an amount equal to one-half the amount paid by the municipality for the operation and maintenance of the joint home for the aged,

as provided by Bill No. 82, An Act to amend The Homes for the Aged Act.

Resolved,

That,

payment may be directed out of the Consolidated Revenue Fund by the Lieutenant-Governor in Council to charitable institutions,

as provided by Bill No. 83, An Act to amend The Charitable Institutions Act.

Also, That the Committee had directed him to report the following Bills without amendment:—

REPORT ON AN ACCIDENT INVOLVING NORSEMAN V AIRCRAFT CF-OBH
NEAR TIMAGAMI, ONTARIO, AUGUST 30TH, 1950

RESUME:

On the morning of August 30th, 1950, pilot S. Hutnick took off from Trout Lake (North Bay), in Norseman V Aircraft CF-OBH with four passengers and roughly 1,200 pounds of equipment on board for a flight to Timagami, Ontario. A fisherman on Ingall Lake stated that he saw an aircraft fly over at a height of roughly 1,200 feet and heard the engine cut out for a period of approximately ten seconds, then pick up again. It was this man's opinion that, although the engine caught again, it did not appear to have the same power and sounded as though it was missing. A short time later, two men, located at separate points on the shore of Wilson Lake, heard an aircraft approaching and stated that the engine was sputtering and missing and the aircraft was losing height. One of these witnesses stated that, just before the aircraft went out of sight, it banked steeply to the right and then went into a spin. A fourth man, in his cabin at Milne Lake, heard an engine roar very loudly and then fade out three times. The sound seemed to be quite close and he stepped out the door just in time to see the aircraft hit the ground thirty feet away. Fire broke out immediately and, in a matter of seconds, the aircraft was a mass of flame.

INVESTIGATION AND EVIDENCE:

The pilot, air engineer, and three passengers were fatally injured. The aircraft was written off.

The condition of the propeller indicated that very little power was being developed at the time of impact. The carburetor had been damaged by fire, and the fuel filters could not be found. There was still fuel in the tanks even after the fire. The aircraft landed in a small clearing surrounded by trees and cottages, and did not move more than three feet from the point of initial contact. Weather was not considered to have been a contributing factor.

The aircraft was overloaded by an estimated 173 pounds at the time of the accident.

The pilot transmitted the distress signal "MAYDAY" but no details of the emergency were given.

Between the point where the engine was first reported to have been malfunctioning and the location of the accident, the aircraft passed over two lakes which provided adequate space for a successful forced landing.

CONCLUSIONS:

The immediate cause of the accident would appear to be that the engine failed to supply sufficient power to maintain height.

The major contributing factor would appear to be poor judgment on the part of the pilot in continuing the flight beyond two lakes where a forced landing could have been made, after it became evident that the engine was not operating in a normal manner.

Mr. Ellis asked the following Question, No. 83:—

What highways in Ontario are now classified as Grade A, B and C respectively.

The Minister of Highways replied as follows:—

None.

Mr. Ellis asked the following Question, No. 85:—

PRAYERS.

2 O'CLOCK P.M.

Mr. Cathcart from the Standing Committee on Miscellaneous Private Bills presented the Committee's Fourth Report which was read as follows and adopted:—

Your Committee begs to report the following Bills without amendment:—

Bill No. 13, An Act respecting the City of Fort William.

Bill No. 33, An Act respecting the City of St. Catharines.

Your Committee begs to report the following Bills with certain amendments:—

Bill No. 10, An Act respecting the City of St. Thomas.

Bill No. 14, An Act respecting the City of London.

Bill No. 26, An Act respecting the City of Oshawa.

On motion by Mr. Oliver, seconded by Mr. Nixon,

Ordered, That the name of Mr. Cox be substituted for that of Mr. Chartrand on the Committee on Lands and Forests.

On motion by Mr. Porter, seconded by Mr. Cecile,

Ordered, That when this House adjourns the present sitting thereof it do stand adjourned until two of the clock to-morrow afternoon and that the provisions of Rule No. 2 of the Assembly be suspended so far as they might apply to this motion.

The following Bill was introduced, read the first time, and ordered to be read a second time to-morrow:—

Bill No. 108, intituled, "An Act respecting Gas Pipe Lines." *Mr. Gemmell.*

Before the Orders of the Day the Provincial Secretary asked permission to present the following report on the meeting held on Friday, February 23rd, in Ottawa, to discuss civil defence:—

"Mr. Speaker:

Before the Orders of the Day I would like to present to the House a report on the meeting held last Friday in Ottawa which was attended by the Minister responsible for Civil Defence in all provinces, and the Minister of National Defence, representing the Federal Government, and the Honourable Paul Martin. The Minister, Mr. Claxton, stated that Civil Defence was a national necessity. At the beginning of the meeting he announced that the Department of National Defence was no longer responsible for Civil Defence, which had been transferred to Department of National Health and Welfare. Hon. Mr. Martin stated that he had had practically no opportunity to consider this new problem which had been given to his Department.

On February 15th, 1951, I received a telegram from the Minister confirming the date of the meeting and asking an outline of the subject for discussion. In reply I wrote the following letter:

February 15th, 1951.

The Provincial Secretary

The Honourable Brooke Claxton,
Minister of National Defence,
Ottawa, Ontario.

Dear Mr. Claxton:

In reply to your telegram of February 13th, the following are some of the points that we hope will be afforded time for discussion and a final answer arrived at with reference to the financial responsibility.

- (1) Standardization of fire hose couplings, and the levels of financial responsibility in this connection.
- (2) Provision of a warning system and with whom the responsibility of providing such warning rests.
- (3) The provision and standardization of fire equipment over and above normal peace time requirements, and the financial responsibility for same.
- (4) The stockpiling of medical supplies including blood plasma—indicating the financial responsibility.
- (5) Provision of compensation for injuries sustained by volunteers during training periods.
- (6) Responsibility for the provision of payment of radiological detection instruments.
- (7) The payment of salaries of full-time provincial and municipal Civil Defence personnel.
- (8) Provision of stirrup pumps to householders.
- (9) Provision of training supplies and equipment to be used in the training of Civil Defence volunteers in municipalities.
- (10) In the event of an ordered evacuation, where does the responsibility lie for the compensation of householders having these evacuees billeted on them.
- (11) The provision of a uniform and coveralls to Civil Defence volunteers to obviate the necessity of paying compensation for clothing destroyed during training.

- (12) The provision of tools for heavy rescue teams.
- (13) The financing and standardization of equipment to convert trucks and busses into ambulances.
- (14) The provision of radio equipment and the allocation of channels for Civil Defence purposes.
- (15) The financing of public shelters, new, or construction necessary to convert sections of existing structures.
- (16) The financing and stockpiling of food.
- (17) Provision of training manuals and pamphlets.

We are looking forward to this meeting as I think very much can be achieved.

With warmest personal regards, I am,

Yours very truly,

ARTHUR WELSH,

Provincial Secretary.

I will now deal with the points as enumerated in the letter and give the House the answers that emerged in discussion.

(1) Re standardization of fire hose couplings and the levels of financial responsibility in this connection: In any city of a population of 20,000 or over the Federal Government offers to pay one-third the cost of material to be used but make no contribution towards labour and other installation costs.

(2) Provision of a warning system and with whom the responsibility of providing such warning: The Federal Government is prepared to pay the cost of warning sirens for municipalities of 20,000 population or over, but will pay nothing towards cost of operation or installation.

(3) The provision and standardization of fire equipment over and above the normal peace time requirements and the financial responsibility of the same: No extra fire equipment would be purchased now, but the Government was willing to establish a Crown Corporation to purchase standard fire apparatus on priorities and sell to the municipalities at cost.

(4) The stockpiling of medical supplies including blood plasma—indicating the financial responsibility: The Minister advised that this would be entirely a Federal responsibility.

(5) Provision of compensation for injuries sustained by volunteers during training periods: No definite assurance was given on this point but the matter would be referred back to the Federal Cabinet for decision.

(6) Responsibility for the provision and payment of radiological detection

instruments: The instruments would be supplied by the Federal Government but nothing for operation.

(7) The payment of salaries of full time provincial and municipal Civil Defence personnel: The Federal Government will contribute nothing to this.

(8) Provision of stirrup pumps to householders: The Minister stated that a limited supply would be issued by the Federal Government for training only. Nothing will be issued for general use.

(9) Provision of training supplies and equipment to be used in the training of Civil Defence volunteers in municipalities: The Federal Government will provide the necessary manuals, pamphlets and so forth, but no contribution will be made for any other type of equipment.

(10) In the event of an ordered evacuation, where does the responsibility lie for the compensation of householders having these evacuees billeted on them: The Federal Government assumes no responsibility now, although the Minister stated, and I quote: 'In war there is no doubt that the Federal Government will ultimately pay.'

(11) The provision of a uniform and coveralls to Civil Defence volunteers to obviate the necessity of paying compensation for clothing destroyed during training: Protective clothing will be provided for personnel attending ABC courses at military schools. No clothing or coveralls will be issued to volunteer workers for training and no responsibility for any clothing allowance will be made.

(12) The provision of tools for heavy rescue teams: The Federal Government assumes no responsibility.

(13) The financing and standardization of equipment to convert trucks and busses into ambulances: No decision from the Federal Government. No scheme has been worked out by them.

(14) The provision of radio equipment and the allocation of channels for Civil Defence purposes: No scale of issue of radio equipment at present. Certain wavelengths kept open for Civil Defence use but no decision as to use.

(15) The financing of public shelters, new, or construction necessary to convert sections of existing structures: No subsidy to be given to shelters. Plans to be made available on request for shelters and conversion of existing structures but no other contribution will be made.

(16) The financing and stockpiling of food: Federal Government considered it was not necessary to stockpile food.

(17) Provision of training manuals and pamphlets: Training manuals and pamphlets to be provided but distribution of same left to provinces."

Mr. McEwing asked the following Question, No. 139:—

Has the Department of Planning and Development approved payment to

or for any Member of any Conservation Authority in Ontario other than that to Dr. J. Cameron Wilson of the Upper Thames Valley Authority. If so, for whom has payment been authorized in respect of what office and in what amount.

The Minister of Planning and Development replied as follows:—

Yes. Members receive a per diem allowance plus car mileage, for meetings approximately the same as county councillors' rates in the area, after approval has been given by the Ontario Municipal Board (Conservation Authorities Act, R.S.O. 1950, c. 62, s. 38).

The following Bills were severally read the third time and were passed:—

Bill No. 5, An Act respecting The Jewish Congregation Anshe-Sholem of Hamilton.

Bill No. 12, An Act respecting the City of Woodstock.

Bill No. 15, An Act respecting The Young Men's Christian Association of Greater Niagara.

Bill No. 16, An Act respecting the Jewish Community Centre of Toronto.

Bill No. 20, An Act respecting The Windsor Utilities Commission.

Bill No. 29, An Act to incorporate the Greater Niagara General Hospital.

Bill No. 2, An Act respecting the Rideau Club of Ottawa.

Bill No. 7, An Act respecting The United Church of Canada.

Bill No. 9, An Act respecting the City of Sarnia.

Bill No. 11, An Act respecting the Township of Moore.

Bill No. 18, An Act respecting the Incorporated Synod of the Diocese of Ontario and St. Thomas Church, Belleville.

Bill No. 21, An Act respecting the City of Belleville Bus Franchise.

Bill No. 22, An Act respecting the Incorporated Synod of the Diocese of Ottawa.

Bill No. 96, An Act to amend The Trustee Act.

Bill No. 66, An Act to amend The Workmen's Compensation Act.

The Order of the Day for resuming the Adjourned Debate on the Amendment to the Amendment to the Motion for an Address in Reply to the Speech of the

Honourable the Lieutenant-Governor at the opening of the Session, having been read,

The Debate was resumed and, after some time, it was, on motion by Mr. Isley,

Ordered, That the Debate be adjourned.

The following Bill was read the second time and referred to the Committee of the Whole House:—

Bill No. 81, An Act to amend The Old Age Pensions Act.

The House then adjourned at 6.06 p.m.

What has been the average charge in each of the years, 1930-1950 inclusive, for timber cut for (a) saw logs; (b) railway ties; (c) hydro poles; (d) mining timber and (e) pulp wood. 4. Has the Doyle rule been the basis of measurements in all contracts. If not, on what contracts has it not applied. 5. On a cubical volume basis what has been the average stumpage charge in each year 1930-1950 inclusive for (a) pulpwood, and (b) saw logs. 6. Does the department define in its contracts what the timber concerned shall be used for. 7. What is the basis for designation of a railway tie, a saw log, hydro and telephone poles, mining timber and pulp wood. 8. What sustained yield requirements are included in cutting right contracts. 9. Are there clauses in cutting rights contracts providing for all-purpose logging. If so, what are they.

Mr. MacLeod—Enquiry of the Ministry—1. Does the Lands and Forests Department under The Land Settlers Act require pulp companies to buy pulpwood from settlers. 2. Does it make any regulation regarding price. 3. What, according to the department record, is the average price paid by pulp companies for wood bought from settlers. 4. What is the average production cost of wood for pulp companies, according to the department's records of the "all-in" costs.

Mr. MacLeod—Enquiry of the Ministry—What is the Department of Lands

and Forests estimate of the remaining acreage of accessible merchantable timber in election districts of Cochrane North, Cochrane South, Sudbury, Sault Ste. Marie, Port Arthur, Fort William, Kenora, Rainy River.

Mr. MacLeod—Enquiry of the Ministry—1. What mileage of roads is held by the following pulp and paper companies in Ontario: (a) Kimberley Clark; (b) Spruce Falls Pulp & Paper Co.; (c) Minnesota Pulp & Paper Co.; (d) Ontario Pulp & Paper Co.; (e) Great Lakes Paper Co.; (f) Dryden Pulp & Paper Co.; (g) Howard Smith Paper Co.; (h) Marathon Paper Mills of Canada Ltd.; (i) Long Lac Pulp & Paper Co. Ltd.; (j) Abitibi Pulp & Paper Co. Ltd.; (k) Abitibi Pulp & Paper Co. Ltd.-Provincial Paper Co. Ltd.; (l) Brompton Pulp & Paper Co. Ltd. 2. What contribution has the Government made to these roads.

Mr. MacLeod—Enquiry of the Ministry—1. Has the Department of Lands and Forests made a survey of trees on Crown lands affected by bud-worm. 2. What is the acreage affected. 3. If there has been no actual survey is there an estimate of Crown lands affected. 4. What is the estimated acreage affected. 5. What species does bud-worm attack. 6. What proportionately is the infestation of (a) black spruce, (b) balsam, (c) white spruce, and (d) jack pine. 7. What has been the average mortality of kill due to bud-worm in: (a) the Mississagi Forest Reserve, (b) District of Algoma, (c) District of Thunder Bay, (d) District of Kenora, (e) District of Rainy River, (f) District of Patricia, and (g) the Nipigon Forest Reserve. 8. What companies have made applications to salvage this timber. 9. What applications have been granted. 10. Has the Department of Lands and Forests made a study of bud-worm. 11. What does it estimate is the period between first attack and mortality in (a) white spruce, (b) balsam, (c) jack-pine. 12. Has the bud-worm reached epidemic proportions in the above districts. 13. When did it reach such proportions. 14. What acreage in each of the above districts has been affected by bud-worm in the epidemic stage. 15. Has the Department of Lands and Forests studied the relevance of bud-worm to fire hazard. 16. What is the percentage of loss from insects, fungus and other secondary factors after the bud-worm epidemic has run its course. 17. Do the studies of the Department of Lands and Forests on bud-worm agree with the reports of the Entomology Branch of the Department of Agriculture at Ottawa. 18. What does the Department of Lands and Forests estimate is the annual forest loss: (a) from bud-worm and other kill, (b) from fire.

PRAYERS.

2 O'CLOCK P.M.

On motion by Mr. Frost, seconded by Mr. Porter,

Ordered, That when this House adjourns the present sitting thereof it do stand adjourned until two of the clock to-morrow afternoon and that the provisions of Rule No. 2 of the Assembly be suspended so far as they might apply to this motion.

The following Bills were introduced, read the first time and referred to the Select Committee on Election Laws appointed on Tuesday, April 4th, 1950.

Bill No. 109, "The Voters' Lists Act, 1951." *Mr. Porter.*

Bill No. 110, "The Election Act, 1951." *Mr. Porter.*

The following Bills were introduced, read the first time, and ordered to be read a second time to-morrow:—

Bill No. 111, "An Act to amend The Children's Protection Act." *Mr. Goodfellow.*

Bill No. 112, "An Act to amend The Mothers' Allowances Act." *Mr. Goodfellow.*

Mr. Calder asked the following Question, No. 87:—

What investigation into the pollution of the Spanish River by the K.V.P. Company has been conducted by Ontario Research Foundation since January 1st, 1950: (a) What interim reports, if any, have been made by the Ontario Research Foundation on this subject to the Government since that date; (b) What recommendations have been made by the Ontario Research Foundation to (i) the Government, (ii) the K.V.P. Company with a view to reducing or eliminating such pollution; (c) What action, if any, has been taken by (i) the Government, (ii) the K.V.P. Company to carry out such recommendations; (d) What actual reduction of pollution in the Spanish River by the K.V.P. Company has been achieved, to this date.

The Minister of Lands and Forests replied as follows:—

1951

From about the middle of May, 1950, a special committee established by the Research Council of Ontario has been studying the biological, physical and chemical conditions of the Spanish River from a point above Espanola to the mouth of the river. It was considered that this study would take approximately a year in order that all aspects of the pollution situation could be examined.

(a) Two interim progress reports have been presented to the Minister by the special committee of the Research Council covering the investigation and, while no formal recommendations have been made, progress has been accomplished in determining the causes of variations in the condition of the river. (b) (i) None; (ii) The work of the committee which is under the direct supervision of Dr. Dymond and Mr. DeLaporte has been carried on in close co-operation with the K.V.P. Company who are endeavouring to continually improve the condition of the river. (c) (i) the government has not been asked to take any action up to the present time; (ii) While it is too early to say definitely what changes have taken place in the Spanish River below the K.V.P. plant, the committee's investigation has indicated certain sources of pollution which are more undesirable than others, and these have been drawn to the attention of the K.V.P. Company who have assured the committee that they will make definite improvements in this regard. (d) It seemed undesirable to the committee to make any definite

statement with regard to the river until after the winter and spring conditions had been studied by the team of scientists at work on the Spanish River. After this is accomplished, it is felt that a comprehensive report can be made which should result in a definite reduction in undesirable pollution from the K.V.P. plant.

Mr. Wismer asked the following Question, No. 109:—

1. Who are the members of the "Committee on the Spanish River pollution problem." 2. Was evidence discovered of chemical pollution which would destroy fish or aquatic life. 3. At what distance or distances from the point of discharge into the river were samples of water taken. 4. Is untreated raw sewage permitted to be discharged into this river. 5. Was any odor discovered in the vicinity of the plant at Espanola or on the river below the plant. 6. Was any evidence of (a) fibrous material, (b) bark and chips, discovered in the water. 7. Since the appointment of the committee early in 1950, what steps have been taken by the K.V.P. Company to correct the condition of pollution in the Spanish River. 8. Has the Government given any assistance in correcting this condition. If so, in what way. 9. Has the Government given assistance to any other pulp and paper company to clear up pollution in rivers in Ontario. If so, to what companies and in what way.

The Minister of Lands and Forests replied as follows:—

1951

1. Dr. R. K. Stratford, Dr. E. H. Gurney, Dr. H. B. Speakman. 2. On two occasions only was there an indication of chemical pollution sufficiently strong to destroy aquatic life. 3. Samples were taken at stations above the Espanola plant, at the bridge, at four or six specified points down to the mouth of the river, the number used depending upon the general condition of the river. 4. Yes. This occurred from the town of Espanola. 5. There is a characteristic smell in the vicinity of Espanola coming from the plant and this odor occasionally occurs along the river but so far this has not been very frequent. 6. (a) There is a regular production of fibrous material coming from the Espanola plant; (b) Bark and chips in the river are found and vary with the current and general condition of the river. 7. The K.V.P. plant are following the work of the committee very closely and have assured the committee that the causes for the extreme intermittent pollution will not occur again and that the general discharge of fibrous material into the river is being steadily reduced. 8. The special committee has not yet advised the government what corrections will be required above that carried on by the K.V.P. people. It was recognized in the early stages of the work that the study would take approximately a year before definite recommendations could be made. This will be sometime around the first of July, 1951. 9. As a report of the committee is not complete enough to make recommendations, it is felt that the government should not take action with regard to other pulp and paper companies until the committee have drawn their conclusions and made the proper recommendations.

The Order of the Day for the Second Reading of Bill No. 99, An Act to amend The Liquor Licence Act, having been read,

Mr. Welsh moved that the Bill be now read a second time, and, a debate arising, after some time it was, on motion by Mr. Millard,

Ordered, That the debate be adjourned.

The Order of the Day for the Second Reading of Bill No. 60, An Act to amend The Election Act, having been read,

Mr. MacLeod moved that the Bill be now read a second time, and, a debate arising, after some time,

Mr. Frost moved in amendment, seconded by Mr. Porter,

That Bill No. 60, An Act to amend The Election Act, be not now read a second time but be read a second time this day six months hence.

The amendment having been put was carried on the following Division:—

PRAYERS.

2 O'CLOCK P.M.

The following Bill was introduced, read the first time, and ordered to be read a second time to-morrow:—

Bill No. 113, An Act to amend The Unemployment Relief Act. *Mr. Goodfellow.*

Mr. Millard asked the following Question, No. 11:—

What have been the total expenditures to date in connection with the Royal Commission on Education, and what additional expenditures is it estimated will be incurred in publishing the report of the Commission and defraying outstanding obligations.

The Minister of Education replied as follows:—

The total expenditures to and including February 20th, 1951, in connection with the Royal Commission on Education are \$290,563.18. The additional expenditures required to publish the report and defray outstanding obligations are estimated at \$25,000.

Mr. Grummett asked the following Question, No. 41:—

1. What municipality or municipalities have received a subsidy upon direction of the Minister of Municipal Affairs out of money appropriated in Vote No. 125, Item No. 9 of the Estimates for the Fiscal Year ending March 31st, 1951. 2. What was the amount of the subsidy received by each municipality concerned. 3. For what purpose or purposes was each subsidy granted.

The Minister of Municipal Affairs replied as follows:—

1. and 2.—

The following municipalities received, as at February 2nd, 1951, a subsidy upon the direction of the Minister of Municipal Affairs out of revenue appropriated in Vote No. 125, Item No. 9 of the estimates for the fiscal year ending March 31st, 1951—

(a) *Mining—Assistance to Mining Municipalities*

The Government pays a subsidy to mining municipalities in order to assist them to reasonably stabilize their revenues.

A municipality is not permitted to levy taxes on an assessed value of buildings, plant and equipment of mining properties.

Instead of taxing mining companies on the basis of real property values, the mining municipalities are permitted to levy a tax on the annual net operating profit of mining companies as determined under the provisions of The Mining Act. This tax is levied at the rate of $1\frac{1}{2}\%$ on each company's annual profit up to \$2,333,333.33 and at the rate of 2.5% on profits in excess of this sum.

Unfortunately, the annual net operating profits of mining companies fluctuate greatly from year to year. Since a mining municipality must depend to a considerable extent on this taxation from mines, it is in a precarious position, because of decreased revenue, in any year in which the profits of the mines fall sharply.

To assist in this situation, an agreement was made with certain mining municipalities to cover the years 1948-52 inclusive. Under the terms of this agreement, if the yearly revenue of the municipality from assessing the net operating profits of mining companies does not equal an agreed fixed amount,

this Department will make up the deficiency to them. This fixed amount was suggested by the Association of Northern Ontario Mining Municipalities and agreed to by the Government.

In addition to grants paid under this agreement, payments of a similar nature have been made to other mining municipalities to assist them directly because the municipal services which they are called upon to render to the mining industry and to its employees is out of all proportion to the taxation revenue which it receives from imposing a tax on the industry's profits.

(b) Other—Guarantee covering Grants paid in lieu of the 1-mill Subsidy

The "Other" subsidy referred to in Vote 125, Item No. 9, was provided in order to permit the Government to guarantee to each municipality that it would not receive a smaller amount from the Province because of the withdrawal of the 1-mill subsidy in 1949.

For some years prior to 1949 a subsidy had been paid to municipalities on the basis of the municipal assessment. Because of the wide variance in assessment values, and also because of an increasing number of re-assessments at higher values this basis of calculating assistance to municipalities proved to be inequitable and was therefore withdrawn.

It was replaced by subsidies calculated on the municipalities' police, fire, children's protection and homes for the aged costs. In addition, the subsidy paid under The Highway Improvement Act was increased to urban municipalities at this time.

The payments listed under the item "Other" on Schedule 2 were made to carry out the above-mentioned commitment.

At the date of the Member's query, the payments to rural municipalities only had been made.

Mr. MacLeod asked the following Question, No. 50:—

1. How many historic sites are being maintained in Ontario by provincial grants.
2. List by name and location and amount of such grants.

The Minister of Highways replied as follows:—

1. None.
2. Answered by 1.

NOTE:—

The Department does not give grants for any historical sites.

However, it does maintain Fort Henry at Kingston and the Brant House at Burlington.

In addition to these two, a number of historical sites are on highway right-of-way and the grounds of these sites are maintained by the Department in its Roadside Maintenance. For example: Roosevelt Memorial at McGregor Bay, Manitoulin Island and Tecumseh Park at Moraviantown.

Bill No. 105, An Act to amend The Forest Fires Prevention Act.

and to report the following Bill with a certain amendment:—

Bill No. 91, An Act to amend The Natural Gas Conservation Act.

Ordered, That the Report be now received and adopted and that the Bills reported be severally read the third time to-morrow.

The Order of the Day for resuming the Adjourned Debate on the Amendment to the Amendment to the Motion for an Address in Reply to the Speech of the Honourable the Lieutenant-Governor at the opening of the Session, having been read,

The Debate was resumed and, after some time, the amendment to the amendment, as follows:—

That the Amendment to the Motion for an Address in Reply to the Speech of the Honourable the Lieutenant-Governor now before the House be amended by deleting Clauses 3 and 4 thereof and substituting therefor the following clauses:—

3. That this Government, without responsibility for the national defence, has failed to indicate any intention to act within the sphere of its own powers to overcome the added financial and material difficulties that beset home building.
4. That the Government has failed to reverse the prodigal practices of preceding Conservation administrations for the last seven and a half years in wastefully alienating the natural resources of the Province.
5. That the Government has failed to disclose any plan to remedy the obvious defects in The Labour Relations Act (1950).

and adding thereto the following clause:

And this House begs to advise Your Honour that the Government does not enjoy the confidence of the people of the Province of Ontario.

having been put, was lost on the following Division:—

*To the Honourable Ray Lawson, O.B.E., LL.D.,
Lieutenant-Governor of the Province of Ontario.*

We, His Majesty's dutiful and loyal subjects, the Legislative Assembly of the Province of Ontario, now assembled, beg leave to thank Your Honour for the gracious speech Your Honour has addressed to us.

The Address, having been read the second time, was agreed to.

Ordered, That the Address be engrossed and presented to the Honourable the Lieutenant-Governor by those Members of this House who are Members of the Executive Council.

On motion by Mr. Frost, seconded by Mr. Porter,

Ordered, That this House will to-morrow resolve itself into the Committee of Supply.

On motion by Mr. Frost, seconded by Mr. Porter,

Ordered, That this House will to-morrow resolve itself into the Committee on Ways and Means.

The House then adjourned at 6.26 p.m.

NOTICES OF MOTIONS

Mr. Dennison—Enquiry of the Ministry—Have any regulations been issued under Section 77 of The Public Health Act, as amended in 1950, respecting the licensing and supervising of persons carrying on the business of “fumigation or extermination of premises anywhere in Ontario.” If so, what are the regulations and when were they issued.

Mr. MacLeod—Enquiry of the Ministry—1. How many new beds were added in our mental hospitals during each of the years 1943-1950 inclusive. 2. According to present plans how many will be added in 1951.

Mr. Salsberg—Motion—That there be laid before this House a Return showing all correspondence between the Province of Ontario and the Government of Canada for the period between October 1st, 1949 and February 1st, 1950, relative to the question of equal remuneration for men and women workers for work of equal value generally referred to as equal pay for equal work.

TUESDAY, MARCH 6TH, 1951

PRAYERS.

2 O'CLOCK P.M.

Mr. Cathcart, from the Standing Committee on Miscellaneous Private Bills, presented the Committee's Fifth Report which was read as follows and adopted:—

Your Committee begs to report the following Bills with certain amendments:—

Bill No. 19, An Act respecting the City of Hamilton.

Bill No. 24, An Act respecting the City of Ottawa.

Your Committee would recommend that the following Bills be not reported, the petitioners having requested that they be withdrawn and Your Committee would further recommend that the fees less the penalties and the actual cost of printing be remitted:—

Bill No. 6, An Act respecting the Town of Preston.

Bill No. 25, An Act respecting the Town of Hespeler.

Bill No. 32, An Act respecting the Town of Elmira.

Your Committee, pursuant to Rule 82, calls the attention of the House to section 6 of Bill No. 19, An Act respecting the City of Hamilton, which confirms By-law No. 6698 of the Corporation of the City of Hamilton and the agreement between the Corporation and the Hamilton Street Railway Company set out in the Schedule to the By-law both of which are set out in the Schedule to the said Bill, the said section and Schedule not having been contemplated in the notice for the same as reported upon by the Committee on Standing Orders. Your Committee, however, recommends that the said section and Schedule form part of the Bill.

On motion by Mr. Frost, seconded by Mr. Porter,

Ordered, That when this House adjourns the present sitting thereof it do stand adjourned until two of the clock to-morrow afternoon and that the provisions of Rule No. 2 of the Assembly be suspended so far as they might apply to this motion.

Mr. Fell asked the following Question, No. 2:—

1. How many conciliation boards were appointed during 1950 under The Labour Relations Act, 1948 (Statutes, 1948, chap. 51) and The Labour Relations Act (R.S.O. 1950, chap. 194). 2. In how many cases did a conciliation board report that it had effected agreement between the parties on the matters referred to it. 3. In how many cases did more than fourteen days elapse between the date of appointment of the chairman of a board and the date on which the board reported its findings and recommendations to the Minister.

The Minister of Labour replied as follows:—

1. 179. 2. Disputes referred to Boards of Conciliation have been settled in several ways: (a) by the parties (with or without the help of a conciliation officer) before the Board has met; (b) by the Board at its meetings; (c) by the parties negotiating in reference to the Report of the Board; (d) with the further assistance of a conciliation officer following the report of the Board. No breakdown of the number of cases in each category has been kept. Only three strikes occurred during the calendar year 1950 following the report of a Board of Conciliation. 3. No statistics kept.

Mr. Fell asked the following Question, No. 7:—

1. In how many cases during 1950 did the Minister of Labour, pursuant to The Labour Relations Act, 1948 (Statutes, 1948, chap. 51) or The Labour Relations Act (R.S.O. 1950, chap. 194) instruct or appoint one or more conciliation officers to confer with parties engaged in collective bargaining. 2. In how many cases did more than fourteen days elapse between the date on which a conciliation officer was so instructed or appointed and the date on which he reported the result of his endeavour to the Minister. 3. In how many cases did a conciliation officer bring about an agreement between the parties. 4. (a) In how many cases did a conciliation officer fail to bring about an agreement between the parties, and (b) in how many of these cases was a conciliation board appointed.

The Minister of Labour replied as follows:—

1. 554. 2. No statistical information on this item available. 3. 361. 4. (a) 186; (b) 179. NOTE—7 cases abandoned.

Mr. Thomas (Ontario) asked the following Question, No. 128:—

On what dates did the Milk Control Board meet during the year 1950.

The Minister of Agriculture replied as follows:—

January 9th, 16th, 23rd, February 7th, 21st, March 14th, 27th, April 11th, 25th, May 9th, 23rd, June 6th, 27th, July 11th, 25th, August 24th, September 5th, October 3rd, 24th, November 3rd, 21st, December 7th, 19th.

Mr. Isley asked the following Question, No. 130:—

1. In what counties or districts have agricultural committees been established since the enactment of The Agricultural Committees Act in 1944. 2. In what counties or districts are agricultural committees still in existence. 3. Who are the chairman and vice-chairman of each such committee. 4. On what date did each such committee hold its annual meeting (a) in 1949, (b) in 1950. 5. What matters or undertakings have been assigned to any such committees by the Minister, and what action has been taken on them by the committees. 6. In each fiscal year since March 31st, 1944, and in the first nine months of the 1950-51 fiscal year, how much has been paid toward the travelling expenses of committee members as provided for in Section 14 of The Agricultural Committees Act.

Mr. McEwing asked the following Question, No. 227:—

1. What is the total cost of the Kennesis Road in Guilford and Havelock Townships, Haliburton County.
2. How much did Hay and Company contribute towards same.

The Minister of Highways replied as follows:—

1. \$60,988.86.
2. \$25,000.00.

Mr. Frost delivered to Mr. Speaker a message from the Honourable the Lieutenant-Governor signed by himself, and the said message was read by Mr. Speaker and is as follows:

RAY LAWSON, O.B.E., LL.D.

The Lieutenant-Governor transmits Estimates of certain sums required for the services of the Province for the year ending 31st March, 1952, and recommends them to the Legislative Assembly.

Toronto, March 6th, 1951.

(*Sessional Paper No. 2.*)

Ordered, That the message of the Lieutenant-Governor, together with the Estimates accompanying the same, be referred to the Committee of Supply.

The Order of the Day for the House to resolve itself into the Committee of Supply having been read,

Mr. Frost moved,

That Mr. Speaker do now leave the Chair and that the House resolve itself into the Committee of Supply.

And a Debate having ensued, it was, on motion by Mr. Wismer,

Ordered, That the Debate be adjourned.

During the course of his presentation of the Budget the Provincial Treasurer laid on the Table the following statements:—

The Debate was resumed and, after some time, Mr. Wismer moved, seconded by Mr. Jolliffe,

That the Motion "That Mr. Speaker do now leave the Chair and the House resolve itself into Committee of Supply" be amended by adding thereto the following:—

But this House regrets that:

1. The Government has failed to take those steps within its own power to counteract the inflation which the Federal administration has refused to restrain;
2. The Government has failed to build necessary hospitals and to establish a contributory pre-paid hospital plan;
3. The facilities of the Departments of Agriculture and Labour are utterly inadequate;
4. The Government has failed to implement the Kennedy Report or any adequate forest policy, with the result that many millions in revenue are lost each year;
5. The Government has failed to use its own legislation for public ownership of Brewers' Warehouses to tap the swollen profits of the brewing industry;
6. The Government has failed to abolish the Amusements Tax or to reduce the Gasoline Tax;
7. The Government has persistently misinformed Old Man Ontario in its annual Budget forecasts, and has, therefore, forfeited the confidence of this House and of the people of the Province.

And the Debate having continued, after some time it was, on motion by Mr. Brown,

Ordered, That the Debate be adjourned.

The House then adjourned at 6.15 p.m.

NOTICE OF MOTION

Mr. Wismer—Motion—That there be laid before this House a Return showing for each fiscal year since 1936 all sums credited to the Highway Improvement Fund and all payments chargeable thereto during the fiscal year and the balance at the credit of the Fund at the close of the fiscal year.

MONDAY, MARCH 12TH, 1951

PRAYERS.

2 O'CLOCK P.M.

On motion by Mr. Frost, seconded by Mr. Porter,

Ordered, That commencing to-morrow the 13th instant and each day of the present Session this House will meet at 2.00 o'clock in the afternoon instead of 3.00 of the clock, unless otherwise provided from time to time and that the provisions of Rule 2 of the Assembly be suspended so far as they might apply to this motion.

The following Bill was introduced, read the first time, and ordered to be read the second time to-morrow.

Bill No. 128, An Act to amend The Division Courts Act. *Mr. Grummett*.

The following Bills were severally read the second time and referred to the Committee of the Whole House:—

Bill No. 19, An Act respecting the City of Hamilton.

Bill No. 24, An Act respecting the City of Ottawa.

Bill No. 31, An Act respecting Victoria University.

Bill No. 23, An Act respecting the Township of East York.

Bill No. 119, An Act to amend The Jurors Act.

The Order of the Day for Second Reading of Bill No. 120, An Act to ensure Fair Remuneration to Female Employees, having been read,

Mr. Daley moved that the Bill be now read a second time, and a debate arising, after some time,

Miss Macphail moved in amendment, seconded by Mr. Park,

That the motion now before the House be amended by striking out all the words after the word "that" and substituting therefor the following:—

"this House believes that legislation on the subject of equal pay for equal work should apply to work of comparative character or on comparable operations or where comparable skills are involved, should protect workers who lodge complaints and should contain adequate enforcement procedures;

"that Bill No. 120 'An Act to ensure Fair Remuneration to Female Employees' falls far short of all these standards; and

"that therefore the said Bill be not now read a second time but that the subject matter thereof be referred to the Select Standing Committee on Labour with instructions to hear evidence and representations from qualified experts and interested organizations and draw up for presentation to this House a Bill that truly expresses the principle of equal pay for equal work."

The debate continued, and, after some time, the amendment having been put, was lost on the following Division:—

Bill No. 108, An Act respecting Gas Pipe Lines.

The Order of the Day for the Second Reading of Bill No. 121, An Act to promote Fair Employment Practices in Ontario, having been read,

Mr. Frost moved that the Bill be now read a second time.

Mr. Walters moved in amendment, seconded by Mr. Wismer,

That the motion now before the House be amended by striking out all the words after the word "that" and substituting therefor the following:—

"in the opinion of this House, Bill No. 121, An Act to promote Fair Employment Practices in Ontario, if enacted, will not achieve its avowed purpose of promoting observance of the principle of non-discrimination since it does not provide for educational activities and is defective in its enforcement procedures; and

"that therefore the said Bill be not now read a second time but that the subject matter thereof be referred to the Select Standing Committee on Labour with instructions to hear evidence and representations from qualified experts and interested organizations and draw up for presentation to this House a Bill that truly expresses the principle of non-discrimination,"

and a debate arising, after some time the amendment, having been put, was lost on the following Division:—

Mr. Salsberg moved, seconded by Mr. MacLeod,

That, in the opinion of this House, all privately owned Public Utilities such as the Consumers' Gas Company of Toronto, which operate under the jurisdiction of the laws of Ontario, shall, in the interests of the public, be regulated as follows:—

- (a) Dividend and interest payments on stocks and bonds of such utilities shall not be higher than 3% per annum, based on the par value of such stocks or bonds.
- (b) Reserves and depreciation funds of such utilities to be limited to amounts actually required for replacement and depreciation of property, equipment, etc., essential for maintenance of efficient services of such utilities.
- (c) The Government of Ontario shall have the authority to investigate and determine the maximum amounts actually required by such Public utilities for reserves and normal replacements.

- (d) When the income of Public Utilities exceeds the amounts required for interest and dividends, as provided above, and for its reserves as established to the satisfaction of the government, then the rates and charges to the public for services of such utilities shall be reduced in proportion to the surplus of such income, and that the necessary legislation be enacted to give effect to this resolution.

PRAYERS.

2 O'CLOCK P.M.

Mr. Frost delivered to Mr. Speaker a message from the Honourable the Lieutenant-Governor signed by himself, and the said message was read by Mr. Speaker and is as follows:

RAY LAWSON, O.B.E., LL.D.

The Lieutenant-Governor transmits a Supplementary Estimate of a certain sum required for the service of the Province for the year ending 31st March, 1951, and recommends it to the Legislative Assembly.

Toronto, March 16th, 1951.

(Sessional Paper No. 2.)

Ordered, That the message of the Lieutenant-Governor, together with the Estimate accompanying the same, be referred to the Committee of Supply.

Mr. Salsberg asked the following Question, No. 145:—

1. Were any new regulations adopted since March 1st, 1950, by the Factory Inspection Branch of the Department of Labour with a view to reducing the hazards of fire in industrial and commercial establishments in Ontario. 2. If so on what date were they made and when did they become operative. 3. What are those new regulations.

The Minister of Labour replied as follows:—

1. No. 2. Answered by No. 1. 3. Answered by No. 1.

NOTE: Revised directives have been issued under Section 57 of The Factory, Shop and Office Building Act.

Mr. Park asked the following Question, No. 146:—

1. Since January 1st, 1948, how many inspections were made by the Department of Labor of the Port Credit plant of Federal Sales and Engineering Co., and on what dates were these inspections made. 2. What recommendations for the improvement of safety methods and facilities were made as a result of each of these inspections. 3. In the case of each inspection, were any instances discovered of failure by the company to carry out recommendations previously made, and if so, what was the nature of the recommendations not carried out. 4. What steps were taken to ensure compliance by the company with the recommendations of the department.

The Minister of Labour replied as follows:—

1. Four. April 28th, 1948; September 10th, 1948; July 14th, 1949; and December 23rd, 1950. 2. Following the first two inspections, plans for the one-story building were ordered to be submitted to the Department and were received on October 18th, 1948. The plans were declared approved with the following recommendations: (a) install door in west wall; (b) provide passage from factory to office corridor; (c) hang front exit door to open outward. On July 14th, 1949, an inspection was made and it was found that doors had been installed in the north and south walls, and these were accepted as obviating the necessity for the proposed door in the west wall. Recommendation (c) was not complied with. On December 23rd, 1950, an inspection was made following a fire which gutted the premises. 3. Answered in No. 2. 4. An order was issued for compliance with recommendation (c) above.

The following Bill was read the second time and referred to the Committee on Agriculture and Colonization.

Bill No. 129, An Act to amend The Milk Control Act.

The House, according to Order, resolved itself into the Committee of Supply.

(In the Committee)

- (d) Cost of the work plus a lump sum for contractor's supervision and overhead.
- (e) Cost of the work plus lump sum for contractor's supervision, overhead and plant; a firm lump sum; firm prices for various units of work.

Mr. Millard asked the following Question, No. 168:—

1. On what subjects has research been (a) done directly by The Liquor Control Board, (b) sponsored or assisted by the Board, during the year 1950. 2. What employees, by name, have been engaged directly by the Board on such research. 3. What has been the cost of such direct research by the Board. 4. What grants or other assistance have been paid for research done by others than employees, and to what persons or organizations were they paid. 5. What reports, if any, have been prepared as a result of the research done. 6. Will the reports be tabled in the House. 7. What conclusions, if any, have resulted from the research done.

The Provincial Secretary replied as follows:—

1. (a) and (b) National and International survey of alcohol and its effects as seen directly by the clergy, public health doctors and the police. A study of traffic accidents to determine the role of alcohol as a causation factor and the usefulness of chemical methods as an aid to determining intoxication. 2. H. David Archibald, Director of Research. 3. \$34,898.34. 4. \$15,500.00—Dr. Little's Ridge-Deck Camp. 5. The greater part of the research is in process of report and conclusions will not be available for sometime. 6. No. 7. Answered by 5.

Mr. Millard asked the following Question, No. 181:—

With respect to the answer given to Question No. 15 (Votes and Proceedings, February 23rd, 1951, p. 150), what is the explanation of the increase in the general legislative grant paid in 1950 as compared with 1949 in (a) Forest Hill Village, (b) Scarborough Township.

The Minister of Education replied as follows:—

(a) Under the grant plan in force in 1949, "approved cost" for grant purposes was limited to \$115 per pupil of average daily attendance. In the case of the public schools of Forest Hill Village, the cost of education (excluding debenture charges) exceeded \$115 per pupil and no grants were being paid on debenture charges which amounted to approximately \$63 per pupil. Under the 1950 grant plan, these debt charges became eligible for grant; (b) In the case of the Township of Scarborough, the figures given in the answer to Question No. 15 were the totals for the eight public school boards in the township. Over 95% of the increase is due to increased grants paid to the three township school areas in this township. These three areas are in the rapidly-growing portions of the township and, consequently, there is a marked increase from year to year in the number of pupils. This, in turn, results in increased expenditure for teachers' salaries and for debt charges as new accommodation is provided. Under the 1950 grant plan all of these approved debt charges are now eligible for grant.

Mr. Park asked the following Question, No. 213:—

1. During 1950, what was the total amount of money paid to workmen as compensation for permanent disability (total and partial). 2. How much of this money was paid in respect of cases where compensation was based on (a) 66 $\frac{2}{3}$ per cent, (b) 55 per cent of earnings.

The Minister of Labour replied as follows:—

1. Final figure not yet available but approximately \$3,960,000. 2. (a) \$3,795,000; (b) \$97,000.

Mr. Park asked the following Question, No. 215:—

1. As of December 31st, 1950, how many workmen were receiving compensation for permanent total disability at the rate of 66 $\frac{2}{3}$ per cent of their earnings. 2. How many of these workmen were receiving compensation in respect of disability suffered (a) prior to, (b) on or after January 1st, 1940. 3. What was the average amount of compensation per week (or month) being paid to those whose disability was suffered (a) prior to, (b) on or after January 1st, 1940.

The Minister of Labour replied as follows:—

1. 632. 2. (a) 281; (b) 351. 3. (a) \$79.50 a month; (b) \$100 a month.

Mr. Oliver asked the following Question, No. 243:—

1. What has been the actual value of electrical equipment purchased by the H.E.P.C. in the United States and the United Kingdom during 1950. 2. How much cement was purchased by the Hydro from companies in the United States and the cost of same during 1950.

The Honourable Mr. Challies replied as follows:—

1. The Commission's total expenditures in the 1950 fiscal period for equipment and supplies were: Canada, \$145,909,252.00, 95.0 per cent; United States, \$4,772,000.00, 3.1 per cent; United Kingdom, \$2,848,900.00, 1.9 per cent. 2. None.

Mr. Nixon asked the following Question, No. 265:—

1. How many acres of land have been designated or reserved for the Forestry and Ranger School at Dorset. 2. On what date was the first acreage reserved for the school.

The Minister of Lands and Forests replied as follows:—

1. 16,677 acres. 2. October 21st, 1940.

Mr. Walker asked the following Question, No. 267:—

1. How many passenger cars are owned by each department of Government in 1951.
2. How many station wagons are owned by each department of the Government.
3. How many passenger cars were owned by the above in 1942.
4. How many station wagons were owned by the above in 1942.

The Minister of Highways replied as follows:—

Mr. Speaker then declared the Third Reading of the Bill to be carried by the defeat of the amendment.

Mr. Jolliffe questioned the Speaker's decision and asked for a vote on the motion for Third Reading of the Bill.

Mr. Speaker directed the attention of the House to the provisions of Rule 56 and re-affirmed his ruling.

At the request of Mr. Jolliffe, Mr. Speaker consented to reserve the Third Reading of the Bill until to-morrow at which time he would present to the House the basis on which his ruling was predicated.

The following Bills were severally read the third time and were passed:—

Bill No. 133, An Act to provide for the Regulation of Leaseholds.

Bill No. 141, An Act to amend The Niagara Parks Act.

Bill No. 146, An Act respecting Rural Telephone Systems.

Bill No. 152, An Act to amend The Highway Traffic Act.

The Order of the Day for resuming the Adjourned Debate on the Amendment to the Motion that Mr. Speaker do now leave the Chair, and that the House resolve itself into the Committee of Supply, having been read,

The Debate was resumed, and after some time it was on motion of Mr. Oliver,

Ordered, That the Debate be adjourned.

On motion by Mr. Frost, seconded by Mr. Doucett,

Ordered, That when this House adjourns the present sitting thereof it do stand adjourned to meet at 10.30 of the clock to-morrow morning, to rise for the luncheon period at 12 o'clock noon and to resume at 2.00 of the clock, and that the provisions of Rule No. 2 of the Assembly be suspended so far as they might apply to this Motion.

The Provincial Secretary presented to the House, by command of the Honourable the Lieutenant-Governor:—

Fifth Annual Report of the Department of Travel and Publicity for the fiscal year 1950-51. (*Sessional Paper No. 20.*)

The House then adjourned at 10.37 p.m.

THURSDAY, APRIL 5TH, 1951

PRAYERS.

10.30 O'CLOCK A.M.

Mr. Murdoch, from the Select Committee of the Assembly appointed on April 6th, 1950, "to study and inquire into the payment of indemnities and allowances to Members of the Legislative Assembly and members of the Executive Council and all matters pertaining thereto", presented the Committee's report which was read as follows and adopted:—

The Committee met on the 13th day of December, 1950, and on the 27th of March, 2nd, 3rd and 4th of April, 1951.

The Committee gave consideration to the indemnities and allowances provided in other Provinces of Canada and also to the report of a Committee which reported on the same matters on the 10th March, 1947. In this connection, it may be pointed out that the recommendations of the Committee of 1947 were not fully implemented by the legislation which followed it.

After due deliberation, the Committee came to the conclusion that the salary and expense allowance at present paid to the Speaker of the Assembly, to members of the Executive Council and to Members of the Legislature, are inadequate when considered in the light of the following conditions:—

1. The expansion of Government services and legislation affecting all Departments now makes membership in the Legislature practically a full-time occupation. The gross ordinary expenditure of the Province has more than doubled since 1946 and as a result the duties of a Member have greatly increased from year to year.
2. The increase in the work of Government has made it necessary to lengthen the sessions of the Legislature substantially thus entailing a greater expense for the Members.
3. The desirability of making it possible for citizens to become candidates for election, even though they may not possess sufficient private means to enable them to devote full time to their duties as Members of the Legislature.
4. The mileage allowance to Members for travelling from their homes to Toronto and return for one trip only during the year is quite inadequate in view of the number of visits each Member must make to the seat of Government during any year.

The Committee has considered the present salary and allowances paid to the Speaker of the Assembly, which, at present, consists of his salary and expense allowance as a Member plus an allowance of \$2,500 per year. The Committee is of the opinion that this allowance is not sufficient to reimburse the Speaker for the expenditures incurred by him in carrying out the extensive duties of his office and accordingly recommends that in addition to his salary and expense

allowance as a Member of the Assembly, the Speaker be paid an additional indemnity of \$3,000 per year and an expense allowance of \$2,000 per year, such payments to be exclusive of any sum placed to his credit in the Estimates for entertainment purposes.

The Committee recommends that the Members of the Executive Council be requested to draw the full salary authorized by Statute, rather than the reduced amount presently drawn by them.

The Committee further recommends:—

1. That there be paid to each Member of the Assembly

(a) A salary of \$2,600 per year.

(b) An allowance for expenses of \$1,300 per year.

(c) A mileage allowance of ten cents per mile for four trips each year based on the distance between his home and Toronto.

The Committee recommends that this report receive consideration at the beginning of the 1952 Session.

WILLIAM MURDOCH, Chairman
BRYAN L. CATHCART
ALEXANDER A. MACLEOD
HARRY C. NIXON
CHARLES E. REA

On motion by Mr. Porter, seconded by Mr. Dunbar,

Ordered, That a Select Committee of this House be appointed to inquire into all matters affecting leaseholds and rentals in the Province, with special reference to Wartime Leasehold Regulations as defined in Bill No. 133, "An Act to provide for the Regulation of Leaseholds", and to include in their report any recommendations for the improvement thereof considered advisable.

The Committee to have authority to sit during the interval between Sessions and shall have full power and authority to call persons, papers, and things, and to examine witnesses under oath, and the Assembly doth hereby command and compel the attendance before the Committee of such persons and the production of such papers and things as the said Committee may deem necessary for any of its proceedings or deliberations, for which purpose the Honourable the Speaker may issue his warrant or warrants.

The said Committee to consist of seven members and to be composed as follows:—

Hon. Mr. Cecile, Chairman,

Messrs. Calder, Cathcart, Dowling, Park, Porter and Sandercock.

In the event of a vacancy occurring in the membership of the Committee the vacancy shall be filled by the appointment of a member on the recommendation of the leader of the party to which the former member belonged.

The House resolved itself into a Committee to again consider Bill No. 157, The Statute Law Amendment Act, 1951, and after some time spent therein, Mr. Speaker resumed the Chair and Mr. Patrick reported,

That the Committee had directed him to report the Bill with certain amendments.

Ordered, That the Bill be read a third time to-day.

The Order of the Day for the Second Reading of Bill No. 84, An Act to amend The Highway Improvement Act, having been read,

Mr. Houck moved that the Bill be now read a second time.

The motion having been put was declared to be lost.

The Order of the Day for resuming the Adjourned Debate on the Amendment to the Motion that Mr. Speaker do now leave the Chair, and that the House resolve itself into the Committee of Supply, having been read,

The Debate was resumed, and after some time the Amendment,

That the Motion "That Mr. Speaker do now leave the Chair and the House resolve itself into Committee of Supply" be amended by adding thereto the following:—

But this House regrets that:

1. The Government has failed to take those steps within its own power to counteract the inflation which the Federal administration has refused to restrain;
2. The Government has failed to build necessary hospitals and to establish a contributory pre-paid hospital plan;
3. The facilities of the Departments of Agriculture and Labour are utterly inadequate;
4. The Government has failed to implement the Kennedy Report or any adequate forest policy, with the result that many millions in revenue are lost each year;

5. The Government has failed to use its own legislation for public ownership of Brewers' Warehouses to tap the swollen profits of the brewing industry;
6. The Government has failed to abolish the Amusements Tax or to reduce the Gasoline Tax;
7. The Government has persistently misinformed Old Man Ontario in its annual Budget forecasts, and has, therefore, forfeited the confidence of this House and of the people of the Province.

having been put, was lost on the following Division:—

The Order of the Day for the Third Reading of Bill No. 121, An Act to promote Fair Employment Practices in Ontario, having been read,

Mr. Speaker informed the House that he was now prepared to present to the House the basis on which his ruling of yesterday was predicated, as follows:—

“Mr. Frost moved the ‘Third Reading of Bill No. 121.’

Upon presentation of the Motion by the Speaker, Mr. Calder moved an amendment, seconded by Mr. Brown,

That the Bill be not now read a third time but referred back to the Committee of the Whole House with instructions to strike out the word ‘his’ where it occurs in the fourth line of section 3 and insert therefor the word ‘sex’, so that section 3 shall now read:

3. No employer or person acting on behalf of an employer shall refuse to employ or to continue to employ any person or discriminate against any person in regard to employment or any term of condition of employment because of the sex, race, creed, colour, nationality, ancestry or place of origin of such person.

The amendment having been put to the House was lost on a division of 33 affirmative to 42 negative. Mr. Jolliffe said, ‘I respectfully request, Mr. Speaker, that when the vote on the amendment is decided a vote be taken on the main question.’

Mr. Speaker then ruled that, the amendment having been lost, the Motion for the Third Reading of the Bill was automatically carried.

I find that on April 7th, 1949 (Hansard, pages 2149-2153) (Charitable Gifts Act) after several amendments had been submitted and voted upon, a final amendment submitted by Mr. MacLeod and seconded by Mr. Salsberg was submitted and negatived. Upon objection by Mr. Nixon that the defeat of the amendment meant the carrying of the original Motion, the House divided on the original Motion. The original Motion was sustained and the Speaker pronounced Third Reading of the Bill.

August 19th, 1898, Votes and Proceedings, ‘An Act respecting the Election Laws’. Mr. Carscallen moved an amendment, seconded by Mr. Colquhoun, that the Bill be not now read a second time. The amendment was lost on division. Following the division the ‘Motion for Second Reading having been then again put was carried.’

August 24th, 1898, Votes and Proceedings, on the Third Reading of the same Bill, i.e., ‘An Act respecting the Election Laws,’ four amendments were submitted and four divisions taken, following which ‘the Motion for the Third Reading having been then again put was carried: yeas 46, nays 40, and the Bill was then read the Third Time and passed.’

March 26th, 1914, Votes and Proceedings, page 206, Bill No. 77, 'To amend The Assessment Act.' Motion for the Second Reading was lost on division and 'so it was declared in the negative'—evidently without vote.

April 4th, 1950, Hansard FF-1, Labour Relations Act: Mr. Speaker: 'Of course, I can only go by the rules, and rule 56 does state explicitly—and it is quite within the prerogative of the House to change these rules—and I know the hon. leader of the opposition (Mr. Jolliffe) has brought the point up and I can see the point, but there is the law.'

Mr. Jolliffe: 'How does it read, Mr. Speaker?'

Mr. Speaker: 'Rule No. 56, page 114:

If on an amendment to the question that a bill be now read a second time or the third time, it is decided that the word "now" or any words proposed to be left out stand part of the question, Mr. Speaker shall forthwith declare the bill to be read a second or the third time, as the case may be.

and the amendment does read that all words after "that" be left out and I should say that while I fully appreciate both the thought of the hon. leader of the opposition (Mr. Jolliffe) and of the hon. Prime Minister (Mr. Frost), I can only go by the rules.

It will be appreciated from the examples which I have given that there has been no strict adherence to Rule 56. It is the duty of Mr. Speaker to seek to rule the House from three angles: (1) the acceptance of the fact that the House is always allowed to change or override a rule; (2) through the application of the rules of procedure which are laid down in the rule book; (3) by referring to precedents which have been used by former Speakers and himself.

In connection with the application of this rule (Rule 56, page 114, Lewis' 'Parliamentary Procedure'), which reads as follows:—

If on an amendment to the question that a bill be now read a second time or the third time, it is decided that the word 'now' or any words proposed to be left out stand part of the question, Mr. Speaker shall forthwith declare the bill to be read a second or the third time, as the case may be.

the first of these yardsticks, namely the overriding of the rule by consent of the House, has frequently been applied. The same may be said to be true of the other two guides which form the basis of Mr. Speaker's judgments.

Where the rules of this House are questioned by any Honourable Member the rules lay down that Mr. Speaker shall refer to the conduct of the British House of Commons. In that regard I have found

May's 'Parliamentary Practice' (Thirteenth Edition):—

If on an amendment to the question for the second or the third reading of a bill the house determines that the word 'now' or any other words

proposed to be left out of the question shall stand part of the question, the Speaker is directed forthwith to declare that the bill has been read a second or third time, as the case may be.

This is Standing Order No. 33 of the House of Commons of the United Kingdom, which it will be noticed is exactly the same as Rule 56 of this House.

Since this matter has been quite contentious on several occasions during my term as Speaker, I find that my general practice has been to follow the rule, e.g., the ruling I have quoted for April 4th, 1950. While, as I have said, the rule may not appear to be in accordance with the general accepted practice of dealing with motions and amendments, I must, however, conclude that until the House rules otherwise I must adhere to a reasonable interpretation of the rules, and that in the case of Bill No. 121, the amendment having been negatived, the Third Reading of the Bill automatically follows.

However, I would emphasize again that the House is a master unto itself and with its consent may agree to a vote being taken."

The unanimous consent of the House having been obtained, the motion for for the Third Reading of the Bill was put and carried on the following unanimous recorded vote:—

May it please Your Honour:

We, His Majesty’s most dutiful and faithful subjects, the Legislative Assembly of the Province of Ontario, in Session assembled, approach Your Honour with sentiments of unfeigned devotion and loyalty to His Majesty’s person and Government, and humbly beg to present for Your Honour’s acceptance a Bill intituled, “An Act for granting to His Majesty certain sums of money for the Public Service of the fiscal year ending the 31st day of March, 1951, and for the Public Service for the fiscal year ending the 31st day of March, 1952.”

To this Act the Royal Assent was announced by the Clerk of the Legislative Assembly in the following words:—

“The Honourable the Lieutenant-Governor of the Province doth thank His Majesty’s dutiful and loyal Subjects, accept their benevolence and assent to this Bill in His Majesty’s name.”

His Honour was then pleased to deliver the following gracious speech:—

Mr. Speaker and Members of the Legislative Assembly:

It is now my duty to prorogue the third session of the Twenty-third Legislature of the Province of Ontario. Before doing so I wish to thank you in the name of His Majesty for your diligent and loyal attention to the business of the people of this Province. I wish also to express some comment upon particular matters which have come before you and to which you have applied your faithful endeavour.

Many Public Bills have received sanction. All of these measures will benefit the people of the Province and are consistent with the desire of my Government to perform its duties faithfully as their servants and to progress with the continuing development and economic expansion of the Province. Some of these measures necessarily have come about by reason of dangerous developments in world conditions and by reason of the grave need of our nation to assume most heavy responsibilities toward the preservation of its own security and of that of the free world. Other measures reflect the grave concern of my Government in relation to the soaring costs upon our people in their day to day living and in relation to the need to restrain and contain the inflationary influences of these troubled and extraordinary times.

It is my wish to mention particularly a few of these measures. Legislation has been approved which is of great and historic importance to the women of the Province. The place of women in the social and economic life of Ontario has been given the widest recognition. Under a measure of progressive significance, they will be entitled to fair remuneration in comparison with men who do similar work with them. By another measure women will be entitled to play their very necessary part in the administration of justice by their having been granted eligibility to serve on juries.

Of very great significance is a measure which will promote fair employment practices in Ontario. In recognition of the fundamental equality of the human person in the right to employment, discrimination against men and women in respect to their employment because of race, creed, colour, nationality, ancestry or place of origin is now contrary to the law of the Province, a provision of our law which will meet with a sincere welcome by our people.

A measure has been approved which will bring very great benefit to the farm people of the Province. The Hydro-Electric Power Commission of Ontario, acting in conjunction with The Ontario Northland Transportation Commission and the Department of Lands and Forests, will undertake a broad program of examination into the rural telephone situation in the Province. Expert technical and other advice will be made available to our many rural telephone organizations, and other forms of practical assistance will be offered. It is expected confidently that the examinations and surveys made under the authority of this measure will lead soon to real improvement in the rural telephone facilities presently existing and to important solutions of the problems as a whole.

In view of the special problems presented by these extraordinary times, and of particular relation to the economy of our Province, certain measures of control have been approved. I refer particularly to legislation which will give the necessary authority to regulate leaseholds and rentals of dwelling places. The interests of all concerned with dwelling leaseholds will be given careful examination by a select committee of the Legislature with a view to devising a system of leasehold regulations which will be fair and equitable in every way. I wish to refer also to a measure which will provide the authority to the Milk Control Board of Ontario to fix maximum prices at which milk may be sold for consumer use. Consumer representation has been added to the Board.

Many other measures have received sanction which will bring great benefit to our people and will keep Ontario in the forefront of the great democratic states. It is worthy of special note that children in the elementary grades will receive free school books; action which will carry forward in important fashion the desire of my Government to provide educational facilities for our growing nation, unexcelled anywhere.

A select committee of the Legislature has been created for the purpose of examining into all phases of the administration of criminal justice within the Province. Its endeavours will be directed toward the finding of ways and means of improving this important branch of government administration so that complete fairness and impartiality, both in the interests of the state and of the citizen, will be strengthened where possible.

In order that the people of the Province, who are the real owners of The Hydro-Electric Power Commission, shall have a closer contact with the affairs of the Commission, a measure has been approved which increases the representative functions of the Advisory Council to the Commission. Among other interests to be thus represented in the affairs of Hydro will be the Municipalities and, of very much importance, the women of the Province.

Special mention should be made of improvements to the Workmen's Compensation Act which will bring further benefits to injured workmen and their dependents.

The legislation in relation to elections has been given careful consideration and substantial improvements have been sanctioned. In the light of these difficult days the franchise has again been extended to members of the forces who are serving away from their homes.

Many other measures have been passed which assist our people and tend to the betterment of conditions. Progressive improvements have been made in many fields. Among these may be listed: the marketing of farm products, the licensing of establishments for the sale of liquor, the payment of Mothers' Allowances, the protection of deserted wives and children, the transmission of natural gas, and the fields of the administration of justice and the management of our natural resources. Other measures which will better our already high standard of public health, and which will improve the carrying out of its duties by the Department of Education, have received sanction.

Many other matters have received consideration and approval. Among them should be mentioned twenty-eight Private Bills dealing with matters of special importance to those concerned.

Adequate and satisfactory financial provision for the ensuing year has been made. The demand for funds to meet the requirements of my Government has been higher than ever before. Nevertheless through the careful application of sound fiscal policies, it has not been necessary to impose new or increased taxation. In fact the contrary is true and my Government has been able to effect a reduction in the hospitals tax without in any way limiting the assistance which will be given to hospitals. Additional financial benefits are being provided within the social security fields, notably in improved Mothers' Allowances and further assistance to Homes for the Aged. Much gratification is expressed respecting the secure and well-founded financial condition of our Province, and much encouragement is taken from the continuing application of these policies.

May I express my thanks for the appropriation of public funds for the purposes to which I have just referred. I am confident that under the guidance of Divine Providence, the well-being and security of the people of this Province will be strengthened. May I thank you also for your progressive and loyal services as legislators.

The Provincial Secretary then said:—

Mr. Speaker and Gentlemen of the Legislative Assembly:—

It is the will and pleasure of the Honourable the Lieutenant-Governor that this Legislative Assembly be prorogued and this Legislative Assembly is accordingly prorogued.

Report and Minutes of the Meetings of the

Session of 1951

Report of the Standing Committee on Fish and Game

SESSION OF 1951

To the Honourable the Legislative Assembly of the Province of Ontario:

HONOURABLE MEMBERS:

Your Standing Committee on Fish and Game begs to present the following as its report:

The Committee met three times during the session with Mr. Allen in the Chair.

Representatives of Sportsmen's, Outfitters and Tourist Associations were heard by the Committee, as well as private individuals.

165 recommendations were received. A number of the recommendations were ordered by the Committee to be forwarded to the Department of Lands and Forests for further consideration and study.

All of which is respectfully submitted.

HARRY M. ALLEN,
Chairman.

Committee Room No. 2,
Tuesday, April 3rd, 1951.

Minutes of Committee on Fish and Game Third Session, Twenty-Third Legislature 1951

FIRST MEETING

The Committee met at 10 a.m., March 13th, in Committee Room No. 1. Mr. Janes nominated Mr. Allen as committee chairman and members unanimously approved. The secretary then recorded the following members present:

Messrs. Allen, Cathcart, Cox, Dennison, Dent, Dowling, Easton, Ellis, Foster, Fullerton, Grummett, Hall, Harvey (Nipissing), Houck, Janes, Johnston (Parry Sound), Johnston (Simcoe Centre), Mackenzie, Martin, Morrow, McPhee, Pringle, Pryde, Reynolds, Salsberg, Sandercock, Scott (Peterborough), Stewart, Taylor, Villeneuve, and White.

Mr. Ken Clarke, president of the Ontario Federation of Anglers and Hunters, Incorporated, presented the first brief to the Committee. He said his Federation was opposed to a \$1.00 angling license fee for residents of Ontario, mainly because the revenue from such a tax would go to the consolidated revenue fund, which he referred to as "the grab-bag".

He said the Federation will continue to oppose such a levy until such time as it is made clear as to what purpose the money will be put to. He said his Federation believes revenue from such a license should be specifically ear-marked for conservation work.

Mr. Clarke also urged the Committee to increase the minimum fines for infractions of fishing regulations, the establishment of a schedule of fines, similar to that in which speeders pay in direct ratio to the speed they travel in excess of the limit, and that the possession limit for non-residents be reduced to one day's legal catch of each species per license.

The Federation spokesman also urged the Committee to properly mark the boundary between Ontario and Quebec provinces, between these two provinces and the United States in the Cornwall area. The border, he said, is ill marked and hindered conservation officers of different provinces from clamping down on game-hogs on a reciprocal basis.

He urged the appointment of a Royal Commission or a Parliamentary Committee of the Legislature to investigate the pollution of Ontario's lakes, rivers and streams by industrial, commercial and civic bodies. He said the present law in this respect is "a morass" and he felt that only by intelligent study could the problem be solved.

George Bishop, president of the Northern Ontario Outfitters' Association, suggested the Committee approve a system of zoning whereby the number of

rods used in an area be limited. He pointed out that our resources are not inexhaustible and that zoning is needed to perpetuate fish resources.

Speaking to his association's resolution for a \$1.00 license fee for resident anglers over 16 years of age, Mr. Bishop said the people of Northern Ontario always have felt that residents of the southern portions of the province do not recognize their inheritance. He said they treat free licenses like throw-away calendars. They would be more conscious, he said, if they paid for it. He said the license is not proposed as a source of revenue but rather as a conservation measure.

Carl Kolbe, representing the Ontario Federation of Commercial Fishermen, recommended the various conservation groups get together to fingerpoint means of bearing down on research problems of Ontario's waters. He said there is something basically wrong in the fact that fishermen are getting less fish.

Harry Markham, representing the Ontario Hunting and Field Archers, asked that provision be made for an open season of two weeks for the taking of deer with bow and arrow, that the season immediately precede the open season for taking of deer with guns, that archers pay a \$1.00 license fee to hunt small game, and that provision be made for separate archery areas for bow and arrow hunting where such areas might be dangerous or undesirable for hunting with guns.

Don O'Hearn, representing the Canadian Quetico-Superior Committee, presented a brief. It is attached to this report, along with those of the Anglers and Hunters Federation and the Northern Ontario Outfitters' Association.

Mr. Sidey, of the Rice Lake Tourist Association, asked the Committee to allow drift fishing in the Peterborough district during the period May 15th to June 10th. He said tourists were distracted by the ban on drift fishing.

Mr. T. H. McKenzie, of the Lake Huron and Georgian Bay Commercial Fishermen, asked the Committee to encourage the destruction of smelt. He said smelt were the enemy of all young fry.

Representations were also made to the Committee by Mr. Sutton of the Kent County Sportsmen's Association; Mr. Blake Uren of the Orillia Fish & Game Association; Mr. Dunham of the North Frontenac Fish and Game Association; Mr. Archibald of Camp Wanapitae; Mr. Richardson of Martin River; Keith Dennison of Port Arthur.

Hon. H. R. Scott, Minister of Lands and Forests, thanked the delegates for their submissions and assured them the Committee would carefully study each suggestion.

Briefs presented at First Meeting:

THE CANADIAN QUETICO-SUPERIOR COMMITTEE

Submission to The Fish and Game Committee of the Legislature

EXPLANATORY NOTE

The Quetico Committee proposals deal with the Rainy River and the Pigeon River watersheds in Northwestern Ontario and Northern Minnesota.

Each watershed is a geographic unit and the portions lying on each side of the boundary should be administered under similar principles. The purpose is to insure that the outstanding lakeland wilderness areas within these watersheds which are best suited for scenic and recreational use be kept so far as possible in their native state. At the same time other portions of these watersheds which are better suited for other uses should be administered so as to give pre-eminence to whatever other use is most in the public interest. This result can be achieved through the adoption of certain basic general principles which would serve as guides for governmental agencies which now administer the portions of the area lying respectively on each side of the boundary. These principles will not prevent any mining or industrial or agricultural use where that use is most in the public interest. These principles will, however, provide the guides for determining which type of use should be pre-eminent for any given portion of the area and for preserving the area in the condition which will insure its greatest public usefulness. There would be no change in the jurisdiction to control the portion of the areas which are now under regulation by the Ontario Government.

Ultimately it is the Quetico Committee hope that these principles can be embodied in an international treaty. The Quetico Committee is not asking for adoption of such a treaty at this time, however, as it does not feel that public opinion is as yet sufficiently aware of the relatively nominal changes such a treaty would make in the present method of administering the area on the Ontario side of the boundary. For the present in view of the great industrial development now beginning on the Canadian side, the Quetico Committee does seek adoption of the following principles which should govern until such time as a more permanent form of regulation can be substituted.

PROPOSALS OF THE CANADIAN QUETICO COMMITTEE

1. The Committee endorses a highway from Fort Frances to the Lakehead and improvement of No. 17 highway along the northern boundary of the area so as to give access to the Canadian side and permit development comparable to that on the U.S. side.
2. That as under an Executive Order the President of the United States has banned flying over the wilderness tract in Minnesota and will prohibit flying to resorts in the area at the end of this year, that the Department of Lands and Forests request authorities in Ottawa to prevent U.S. planes violating the spirit of this ban by landing on the Canadian side.
3. That inasmuch as Quetico Park is maintained almost exclusively for the benefit of the U.S. side, until there is Canadian access there be a charge for travel permits in the park.
4. We would ask this Committee, pending fuller investigation of an international treaty, to approve in principle that the following practices, which such a treaty would cover, be followed to the fullest extent on both sides of the Rainy River-Pigeon River watersheds.
 - (a) The maintenance of natural and undisturbed conditions on islands and on the shores of lakes and streams.

- (b) Administration of lakes and streams so that natural water levels be maintained and that artificial levels, where already established, be regulated in the greatest public interest.
 - (c) The establishment within the primitive portions of the area of wilderness tracts to be kept free of private structures, mechanical facilities and roads or other means of public ingress or egress on land or by air.
 - (d) The zoning and administration of lands outside the boundaries of the wilderness tracts to permit occupancy for resort, outfitting, residential purposes or similar uses consistent with these principles.

RESOLUTIONS PASSED AT NORTHERN ONTARIO
OUTFITTERS 23RD ANNUAL CONVENTION

Held at the Royal York Hotel, Toronto, Ontario
March 8th, 9th and 10th, 1951

WHEREAS the Lake-of-the-Woods and certain waters immediately east thereof have always been famous maskinonge waters, and

WHEREAS this area has never been restocked due to the distance from the only maskinonge rearing ponds now in operation, and

WHEREAS at Nestor Falls and in the Dryden area there is a natural water supply and telephone service;

BE IT RESOLVED that we petition the Department of Lands and Forests to establish hatcheries and maskinonge rearing ponds at Nestor Falls and the Dryden area.

WHEREAS the opportunity for non-residents to show evidence of good fishing as advertised by Dominion, Provincial, District and Municipal travel bureaus, by the export of a reasonable number of fish, and in view of the reaction of non-residents to the tons of commercial fish taken from these waters as compared to the small number they are permitted to take for export;

BE IT RESOLVED that we urge the continuance of the present export and possession limits on both individual and family licenses in the Kenora-Rainy River Districts, but that the regulation providing for cancellation of used coupons be strictly enforced.

WHEREAS the closing date for maskinonge was formerly October 15th, and whereas at the recommendation of an eastern group the closing date was set at October 1st for the entire Northern Ontario area several years ago, and whereas it is the opinion of the N.O.O.A. that the few maskinonge taken between October 1st and 15th is not detrimental to the maskinonge supply in the Rainy River-Kenora district, but offers an additional attraction for late season fishing and has no effects on the spawning habits of the fish;

BE IT RESOLVED that this Association asks that the closing date for mas-kinonge fishing be again set at October 15th for the Kenora-Rainy River districts.

WHEREAS Sabascong Bay, Lake-of-the-Woods, is heavily fished in its entirety, and whereas there are in this Bay as many camps as the angling resources can serve;

BE IT RESOLVED that we petition the Department of Lands and Forests to declare Sabascong Bay a restricted area, and to issue no more camp licenses in this area.

WHEREAS the Commercial Fishing License covering Eagle Lake, by gill nets, allows licensee to take 5% Game Fish, and

WHEREAS tons of suckers can be taken in the spring spawning season, which increases the amount of game fish allowable to amounts out of reason, and

WHEREAS camp operators have agreed to take out just as many or more suckers while they are running in the creeks in the spring, and thereby not jeopardize 5% of this amount of game fish, and

WHEREAS the majority of anglers of some 20 tourist camps, upon seeing evidence of commercial fishing operations in a lake, object strenuously, and immediately, or at least, the following season, look for waters that lack the evidence of being commercialized;

THEREFORE BE IT RESOLVED that we petition the Department of Lands and Forests to limit commercial fishing on Eagle Lake to winter months and not to include spring sucker fishing, and

FURTHER BE IT RESOLVED that we petition the Department of Lands and Forests not to issue any more commercial fishing licenses without informing the tourist camp operators affected, and also the local Chamber of Commerce, that such a license is being considered.

WHEREAS commercial gill net fishing is now permitted at or near the mouths of small bays and rivers in Georgian Bay;

BE IT RESOLVED that commercial gill nets be removed from the mouths of all bays and rivers entering Georgian Bay and particularly Bad River, as these nets are seriously affecting the angling in all those rivers and their tributaries.

WHEREAS Pickerel and Northern Pike are considered and recognized as game fish by the Department of Fish and Wildlife and commercial fishermen, in most inland waters;

BE IT RESOLVED that Pickerel and Northern Pike be legally made a game fish in all waters.

WHEREAS we feel that a resident angling license would help to make the general public more conservation minded, and

WHEREAS the additional revenue would provide for greater propagation of game fish and rearing ponds;

BE IT RESOLVED that we recommend the adoption of an angling license for resident anglers, over 16 years of age, to sell for not more than \$1.00.

WHEREAS it is understood that application is being made for new commercial fishing licenses for Whitefish Bay, Lake-of-the-Woods; and whereas the N.O.O.A. worked for many years to get the former gill net licenses for that Bay cancelled; and whereas the Department of Fish and Game remunerated the commercial fishermen for loss sustained by such cancellation; and whereas the granting of such gill net licenses would jeopardize sport angling in these waters and the investment of licensed camp operators;

BE IT RESOLVED that we petition the Department to issue no new general gill net licenses for the waters of Whitefish Bay, or any other part of the Lake-of-the-Woods; or for the smaller lakes lying east of the Lake-of-the-Woods and south of the main line of the C.N.R., to the Minnesota border and east to the Thunder Bay district.

WHEREAS in the Kenora-Rainy River District where deer hunting is done to a large extent on islands and points, the use of dogs for deer hunting is unnecessary;

BE IT RESOLVED that we petition the Department of Lands and Forests to prohibit the use of dogs for big game hunting in the Kenora-Rainy River District.

THE ONTARIO FEDERATION OF ANGLERS AND HUNTERS, INC.

RESOLUTIONS PERTAINING TO FISH

1. *Fines:*

(a) BE IT RESOLVED to increase the minimum fines that may be charged for an infraction of the fishing regulations of Ontario.

(b) BE IT RESOLVED that a schedule of fines be set similar to that in which speeders pay an amount in direct ratio to the rate of speed in excess of the legal limit so that the fines for illegal catches of fish will be in direct ratio to the number of fish retained over the legal limit.

2. That the non-resident family angling license be abolished, except that a child under 16 years may fish with parent or guardian without a license.

3. That the possession limit for non-residents be reduced to one day's legal catch of each species per license (the same as may be exported).

4. *Interprovincial and International Waters:*

BE IT RESOLVED that there should be a proper marking for the boundary between Ontario and Quebec Provinces and also between these two provinces and the United States in the Cornwall area of the St. Lawrence River between Cornwall and Stanley Island, so that there can be no dispute about this area.

5. BE IT RESOLVED that the Government of Ontario issue a statement in detail concerning the implementation of the various recommendations of the Kennedy Report to the present date and what plans are held for the future fulfillment of the remaining recommendations.
6. BE IT RESOLVED that the Government of Ontario issue a detailed statement of what plans they have in hand for the implementation of the recommendations embodied in the Thomas Report on Conservation.
7. BE IT RESOLVED that the Government of the Province of Ontario set up a Royal Commission or a Parliamentary Committee to investigate the pollution of the lakes, rivers and streams by industrial, commercial and civic bodies in Ontario.
8. That the Ontario Federation of Anglers and Hunters in regular meeting was asked to present the following points in representation to our Ontario Government.
 - (a) That the Federation wished to join all other interested associations in presenting the need for conservation of our renewable natural resources.
 - (b) That teaching of Conservation to the rising generations is the best way to impress and insure conservation managements for the future.
 - (c) That the Department of Education will recognize the importance of Conservation to the extent that it will be taught as a major subject in grades 7, 8, 9 and 10 and that suitable textbook for uniform teaching will be compiled for use in the schools.

9. WHEREAS many of our northern trout lakes have been ruined due to the fact that minnows have been liberated by thoughtless fishermen;

THEREFORE BE IT RESOLVED that the Department of Lands and Forests issue with each Minnow Salesman's license, placards, drawing the attention to the law in regard to the liberation of minnows into waters from which they do not originate, and further, that each licensee shall prominently display such placards at his place of sale.

10. *Annual Pickerel Season:*

WHEREAS it is general practise for all Fish and Game Clubs to conserve fish and wild life;

WHEREAS in many parts of the province specific dates for pickerel fishing are adhered to;

WHEREAS other species of game fish have specific legal seasons;

WHEREAS pickerel are running to spawn in our district during the dates of April 1st to May 15th approximately;

WHEREAS a large number of fish taken during this period are filled with spawn;

THEREFORE BE IT RESOLVED that the Ontario Federation of Anglers and Hunters do all within their power to have legislation enacted enforcing a closed season, dates for this season to be from October 15th to May 15th, inclusive, except in commercial waters.

11. *Legal Size for Pickerel:*

WHEREAS at the present time the minimum length for taking pickerel is 13 inches;

WHEREAS it is understood that the female does not spawn until reaching the age of two years and in some waters four years, which in both cases is not reached until the pickerel measures in length 15 inches or more.

WHEREAS the Province of Quebec has a minimum length of 15 inches;

THEREFORE BE IT RESOLVED that the Fish and Game Committee of the Ontario Legislature be requested to increase the minimum length for taking pickerel from 13 inches to 15 inches or more.

12. *No Smelt Licenses where Pickerel Spawn:*

WHEREAS the granting of a license to take smelt does not indicate from what waters they may be taken;

WHEREAS these licenses are sometimes used to permit the holder to be on a river or body of water when pickerel are spawning;

WHEREAS we believe that many spawning pickerel are taken and destroyed;

THEREFORE BE IT RESOLVED that no permission be granted to take smelts from waters where pickerel are spawning, such as the Napanee River and the Salmon River at Shannonville.

13. (a) BE IT RESOLVED that the size of Pike be 20 inches for Northern Pike.

(b) BE IT RESOLVED that the size limit of Bass be increased another 2 inches to a 12-inch limit.

(c) BE IT RESOLVED that the use of hoop nets in the Bay of Quinte be prohibited. The leaders of these nets are anchored to shore at Long Point in Big Bay.

(d) BE IT RESOLVED that all confiscated guns and fishing tackle be sold individually at public auction, not in bundles or groups.

14. That the Government refuse to issue licenses for fishing traps in the lower Niagara River.

15. That the Department of Lands and Forests of Ontario be asked to endeavor to come to some mutual agreement with the proper American authorities pertaining to the taking of Maskinonge, in Lake St. Clair.
16. That we request the regulations pertaining to licensed night line fishing be enforced.
17. That no licenses be issued for seine net fishing in Detroit River and River Canard.
18. That the taking of Lake Trout by any means be prohibited during the spawning season in all inland waters.
19. This Federation approves of the Department's policy of building more rearing ponds to enable them to distribute more fish of legal size.
20. We commend the Ontario Government for the steps it has initiated this year toward the prevention of pollution of the rivers and lakes of Ontario. However, since this is only a beginning,

THEREFORE BE IT RESOLVED that the Algonquin Zone urge that the Ontario Government continue its investigation of the pollution problem throughout the Province with a view to setting up standards which will serve as a basis for legislation aimed at minimizing this menace to health and recreation.

21. That a duck sanctuary be established on Whitewater Lake.
22. WHEREAS in inland waters containing coarse fish (whitefish, etc.) where there is no commercial fishing carried on the natural tendency is for these fish to seriously increase in number at the menace of the game fish population, and

WHEREAS at the same time by angling and other depletory influences the game fish tendency is to decrease in numbers, and

WHEREAS there is no way in which interested parties may change this condition,

BE IT RESOLVED that this Association urge the Department of Lands and Forests to remove or give cause to be removed by netting under authorized supervision these aforementioned coarse fish (whitefish, suckers, carp, etc.) in lakes and streams where no commercial fishing is carried on and where there is no regular stocking of Lake Trout, and where known damage to game fish species is being caused by these coarse fish.

23. WHEREAS there is an annual and continuing need for fish planting stock in this district, and

WHEREAS there would appear to be an excess of usable Small Mouth Black Bass stock in Bass Lake (Mongowin Township) in this district,

BE IT RESOLVED that this Association recommends that local Bass stocking needs be drawn from the aforesaid lake if it seems advisable by the Department of Lands and Forests to the extent practicable.

24. WHEREAS there is under consideration by the Department of Lands and Forests the construction of a fish ladder at the new Whitefish Falls dam, for the sole purpose of aiding the fishing conditions on adjacent waters, and

WHEREAS the construction of such a ladder would appear to give access to a substantial area of waters of the undesirable fresh water smelt, during its spring run, foreign in these waters,

BE IT RESOLVED that this Association objects to the placement of such a ladder.

25. That the Department should immediately investigate the damage to our fish population through changing water levels, during the spawning seasons of our various fish, and that every effort be made to secure the co-operation of those whose dams control such water levels, including industry, and the Ontario Hydro-Electric Power Commission.

SECOND MEETING

The Committee met at 10 a.m. Wednesday, March 14th, in Committee Room No. 1 to receive delegations and representations on matters pertaining to game. Mr. Allen held the chair and the secretary recorded the following members present:

Messrs. Allen, Cathcart, Dennison, Dowling, Easton, Ellis, Fullerton, Grummett, Harvey (Nipissing), Harvey (Sault Ste. Marie), Houck, Hunt, Isley, Janes, Johnston (Parry Sound), Johnston (Simcoe Centre), Mackenzie, Martin, Murdoch, McPhee, Newman, Pringle, Robinson, Sandercock, Scott (Peterborough), Taylor, Villeneuve and Walker.

Briefs were presented to the Committee by Ken Clarke, representing the Ontario Federation of Anglers and Hunters; George Bishop, Northern Ontario Outfitters' Association; James Cryderman, New Ontario Trappers' Association; Keith Dennison, Port Arthur branch of the Ontario Federation of Anglers and Hunters and Ken Clark, a trapper from Washago.

The Committee also heard representations from Wallace McKee, New Ontario Trappers' Association; W. R. Currie, Haliburton Fish and Game Club; Howard Sale, Humber Gun Club; Fred Richardson, general-manager of the Ontario Federation of Anglers and Hunters; Earnest Calvert of Kenora; Mr. Archibald of Timagami, Mr. Sutton of Frontenac County Fish & Game Club and Glen Hughes, Northern Ontario Outfitters' Association.

Hon. H. R. Scott, Minister of Lands and Forests, thanked the delegations for their commendation of departmental co-operation and announced that the Committee would adjourn until after the Easter recess of the House to obtain expert opinion on resolutions submitted so that Committee members may discuss them intelligently.

Briefs presented at Second Meeting:—

March 14th, 1951.

The Honourable Harold Scott, Minister of Lands and Forests,
and Members of the Fish and Game Committee of the Legislature.

GENTLEMEN:

I have made history within the Department of Lands and Forests. I have been issued two trapping licenses in one season.

I have been a trapper all my life and have trapped and collected bounties on close to one hundred wolves alone. I have three children and depend on trapping for my livelihood. I have trapped this one trap line continuously for twenty-one years. I applied for a trapping zone license and was granted it last September—the registered number being LS 17. This small zone contained 2,400 acres of Crown land and I had the exclusive trapping rights for five years on all the private land except 200 acres, within the boundaries that Mr. J. S. Ellis drew up for me. I spent two months last fall building and repairing dams on this area. Three years ago there was not a beaver on this area—now there are seven beaver houses and a large number of muskrats. There was not another trapper on this area in the past four years.

On February 8th, 1951, I was notified that my trap line license was cancelled and no explanation given. In place of it I was issued a resident trapper's license. Conservation Officer Haines was never asked to make any investigation whatever. It is my belief that a license is cancelled only because of an infraction of the game laws. What have I done? I wrote to the Honourable Harold Scott on February 9th, 1951, for an explanation and apparently he ignored it. Then I wrote to Dr. Harkness and just last Friday he sent a reply that there were too many applications for the trap line. I positively know that no other applications have been made to Conservation Officer Haines.

Gordon Shell, a contractor working in the Town of Orillia, walked through my zone and on seeing signs of a good catch this spring, started working to break up my trap line. I am informed that the Hon. Arthur Welsh was contacted through the local Conservative Committee for this purpose, and it looks to me like nothing but political discrimination. This action on the part of the Department of Lands and Forests actually is defeating the purpose for which registered trap lines were originally established. Now I definitely know there are trappers from other places coming to barge in and take what I have spent years to conserve. Mr. Ellis asked Mr. Shell in my presence if he wanted a trap line and he replied definitely "No".

I have my map to show the trapping area allotted to me by my license and several pictures to verify my hunting and trapping ability. All I ask is the reinstatement of my registered trap line license so that I may reap the harvest from what I have already sowed.

Yours truly,

KEN. CLARK,
Washago, Ontario.

THE ONTARIO FEDERATION OF ANGLERS AND HUNTERS, INC.

ZONE ONE RESOLUTIONS—1951

Game:

1. WHEREAS the opening date of the deer season is too early at present (October 15th) as the weather is as a rule too warm for the preservation of the meat; and whereas the deer population has decreased through over-hunting from too long an open season; and whereas the natural increase in wolves and the severe winter conditions have decreased the deer herds; and whereas the deer have not vacated the islands at the opening date at present and so are an easy prey to hunters;

THEREFORE be it resolved that The Ontario Federation of Anglers and Hunters recommends to the government of Ontario that the open season for deer in the Rainy River District be from November 1st to November 15th. Submitted by the Fort Frances Sportsmen's Club.

2. WHEREAS the opening date of the deer season is too early at present, the weather usually being too warm for the preservation of the meat, the lack of snow making it difficult if not impossible to track any wounded animals; and often enough leaves are left on the trees to make it difficult to observe whether an object is a human or a deer, thus endangering persons from the actions of careless hunters who fire at sounds;

THEREFORE be it resolved that the Ontario Federation of Anglers and Hunters recommend to the Government of Ontario that the open season for deer in the Thunder Bay District be from the 1st day of November to the 5th day of December. Submitted by the Thunder Bay District Fish and Game Association.

3. WHEREAS the present season for the shooting of ducks opening September 15th does not allow the local ducks to mature; and whereas the northern migration of ducks does not arrive in these areas until in October; and whereas during the mild climatic conditions of September the ducks spoil rapidly;

THEREFORE be it resolved that the Federation request the Government of Ontario to recommend to the proper authorities that the season on ducks, geese and other migratory waterfowl be not open before September 25th in Rainy River and Thunder Bay Districts. It is further recommended that consideration be given to establishing two zones in this area based on ecological differences between Rainy River and Thunder Bay Districts.

4. WHEREAS wolves have increased in recent years; and whereas the wolves have decreased the deer population through killings in the winter season; and whereas the wolf pelt is of no value today as a fur;

THEREFORE be it resolved that the bounty on wolves be increased. Submitted by the Fort Frances Sportsmen's Club.

5. WHEREAS the moose population of Thunder Bay District has declined due to extensive logging operations;

THEREFORE it is recommended that an area of 200 square miles be set aside by the Ontario Department of Lands and Forests as a game sanctuary for moose and that timber cutting rights on such an area be strictly prohibited. Submitted by the Nipigon Fish and Game Association.

General:

6. WHEREAS it is in the interest of conservation, safety and economy that non-residents have a guide when hunting so that the game laws will be observed, to prevent hunters becoming lost with the possible results of loss of life or expensive and extensive searches being made to find such lost hunters;

THEREFORE it is recommended that non-resident hunters hunting in the District of Thunder Bay be required to have a guide similar to legislation now in existence in Kenora and Rainy River Districts.

NEW ONTARIO TRAPPERS ASSOCIATION

The following resolutions and recommendations were moved and passed at the Fourth Annual Convention of the New Ontario Trappers Association, which was held in Sudbury, Ontario, on February 15th, 16th and 17th, 1951, and are hereby presented in brief to the Legislature for consideration and approval:

RESOLVED:

1. That the Department furnish snares for the taking of wolves and let us snare them any time of the year we want to, and also that we be allowed to present the scalps only of wolves when applying for bounty; that trappers be allowed, under the supervision of the Department, to use poison in the taking of wolves. This poison to be one which will not affect any other animal after taken by the wolf. If hunters are going to use dogs for hunting, that they do so at their own risk. A raise in bounty would help, but if the Department cannot raise the bounty they should lift the restrictions.
2. That a bounty be paid on bear. The trappers have found that this animal is very destructive to many kinds of game, and it will create a great deal more interest among the trappers in predator control to have a bounty on them. The bounty should be payable to anyone who kills a bear and they should be required to send in the scalp only, in order to collect the bounty.
3. That a trapper who has had only one conviction and had his license taken from him, should have his case reviewed and his license returned to him. The trappers all feel it is too severe a penalty to have his trapping rights taken from him for only one conviction unless it is an extremely severe violation.
4. That the trappers be allowed to use snares for the taking of beaver under the ice only.
5. That the hunting and trapping seasons be handled by zoning on a much closer scale, in accord with the conditions of the seasons and the volume of fur and game in different localities.

6. That trappers be allowed to shoot otter during open season.
 7. That before being granted a license, a new applicant be required to pass a test which will satisfy the Inspector of Traplines that he is capable and qualified to hold a license, both for his own protection in the bush and to guard against placing inferior or poorly handled merchandise on the market.
 8. That the Department arrange to transplant marten into areas which at present have none, but which have proper food and conditions for them.
 9. That the Department be asked to notify our Association in August re the full regulations re quotas and seasons so we can plan for our winter's operations and that no season be changed after August.
 10. That the Department be pressed to stop the sale of all licenses for revolvers, rifles, shot guns or any firearms of any kind, to anyone, from the end of June to the 1st of September, the only exception to be the trapper who should be allowed to carry firearms on his own grounds in order to protect it.
 11. That in areas where moose are plentiful, the Department allow the trapper to take one moose per year for food.

RESOLUTIONS PERTAINING TO GAME

1. WHEREAS the present season for the shooting of ducks opening September 15th does not allow the local ducks to mature; and whereas the northern migration of ducks does not arrive in these areas until in October; and whereas during the mild climatic conditions of September the ducks spoil rapidly;

THEREFORE BE IT RESOLVED that the Government of Ontario recommend to the proper authorities that the season on ducks, geese and other migratory waterfowl be not open before September 21st in Rainy River and Thunder Bay Districts. It is further recommended that consideration be given to establishing two zones in this area based on ecological differences between Rainy River and Thunder Bay Districts.

2. WHEREAS the moose population of Thunder Bay District has declined due to extensive logging operations;

THEREFORE it is recommended that an area of 200 square miles be set aside by the Ontario Department of Lands and Forests as a game sanctuary for moose and that timber cutting rights on such an area be strictly prohibited.

3. WHEREAS it is in the interest of conservation, safety and economy that non-residents have a guide when hunting so that the game laws will be observed, to prevent hunters becoming lost with the possible results of loss of life or expensive and extensive searches being made to find such lost hunters;

THEREFORE it is recommended that non-resident hunters hunting in the District of Thunder Bay be required to have a guide similar to legislation now in existence in Kenora and Rainy River Districts.

4. The Ontario Federation of Anglers and Hunters does hereby press for a Parliamentary investigation into the causes and actions of the Department of Indian Affairs and any others who may have been instrumental in having the integrity of the Government questioned and brought into disrepute by the reversal and flaunting of the Sportsmen of Ontario with a view to having St. Anne's Island lease cancelled and the rightful use of the lands by Canadians be substituted for those now in control of the property.
5. BE IT RESOLVED that the Ontario Federation of Anglers and Hunters recommend to the Government of Ontario that whenever a hunting or fishing quota is necessary, not more than 20 percent of the permits be allocated to non-residents until after the Ontario sportsmen's demands have been filled.
6. *Interprovincial Waters:*

WHEREAS at the present time it is contrary to Ontario and Quebec game and fisheries laws for residents of one province to fish or hunt migratory birds in or on the said interprovincial waters of the other province without a non-resident license; and whereas that portion of the boundary between Ontario and Quebec, Hawkesbury to Mattawa, is bounded by the Ottawa River and therefore is a natural watercourse boundary line;

BE IT RESOLVED that the Ontario Federation of Anglers and Hunters take appropriate steps to secure some reciprocity between the Provinces of Ontario and Quebec whereby each province's residents might fish and hunt migratory birds on the Ottawa River in the above mentioned boundary waters, without the necessity of purchasing a non-resident license. This would promote greater harmony and help to solve restocking controversies on interprovincial waters.

7. BE IT RESOLVED that the proper authority establish predetermined landing places at all fishing and hunting areas, and further travel from these bases be in the usual manner, i.e., boat, canoe or trail, also a means of checking be set up at said bases.
8. WHEREAS the Law Enforcement staff is deplorably deficient, and insufficient protection is provided for the partridge prior to date set for the open season, and further, the woods are full of .22 rifles during this period, i.e., date set for the taking of ducks and partridge;

THEREFORE BE IT RESOLVED that gun licenses shall become valid only on the date set for the use of such gun. That is: On the date set for the open season for ducks, the use of the shot gun shall be legal and the license be valid, and further, on the date set for the open season for partridge, the license for the use of the .22 rifle shall become valid, and further, that this shall be clearly stated on each license in zone 3.

9. WHEREAS a number of years ago a group of men from Quebec formed them-

selves into a duck hunting club; and whereas this club has acquired a large river frontage and has leased frontage and water in said Point Mouiller Bay; and whereas they have named this section of water and land a reserve for the use of said club members only; and whereas they have annually posted this area extending one mile into Lake St. Francis; and whereas this said section is ideal for the feeding and breeding of wild water fowl;

THEREFORE BE IT RESOLVED that the Ontario Federation of Anglers and Hunters petition the proper authorities to have this section closed to all hunters and declared a duck sanctuary.

10. BE IT RESOLVED that the Ontario Federation of Anglers and Hunters urge the Government of Ontario to take whatever measures are necessary to increase the destruction of wolves throughout the Province.
11. BE IT RESOLVED that the Ontario Federation of Anglers and Hunters again request that the Provincial Government of Ontario enact a law which will prohibit the carrying or discharging of guns by licensed guides, while employed as a guide, during the deer hunting season.
12. BE IT RESOLVED that Hungarian Partridge and Prairie Chicken be released in the Crown Game Preserves of Peel and Dufferin Counties for experimental purposes.
13. BE IT RESOLVED that more supervision be supplied to Cook's Bay on the opening of the Duck Season, with regard to illegal shooting from boats propelled with motors, and shooting from hides and reeds at less than 100 yards apart, and that this supervision come from a locality other than Cook's Bay.
14. That more signs and more easily read signs be posted to replace the present ones; in this way giving more sufficient warning to the hunters, as to the areas that are regulated and restricted game areas.
15. That the same regulations be made applicable to Jack Rabbits. If the words Cotton-Tail were deleted from Section 28-6 and from Section 41 of The Game and Fisheries Act, and substituting therefore the word "any". This change is requested for Essex County only.
16. That the raccoon be removed from the non-resident hunting license.
17. That a game preserve of up to one thousand square miles area be established north of Lake Wanapitei, based on a suggested line from Tyronne to MacBeth Townships, and extending northward to a line from Adams to Black Townships with adequate forestry and wildlife control. However, if it is felt that such an area is too large, then it is proposed that a series of small wildlife sanctuaries about the size of a township be set aside for this purpose in the Algonquin Zone.
18. Experience with Algonquin Park has shown the people of Ontario the immense value of properly controlled wild life sanctuaries as a means for re-establishing the native game and fur in an area formerly depleted, both in the park

and its surroundings. Widespread poaching in the Abitibi, Mississauga and Chapleau Game Preserves has limited its effectiveness in this regard. For this reason, we urge that more Game Wardens be appointed in this area, and two at Thessalon, and that effective airplane patrols be instituted.

19. That, in the interest of safety, and for the protection of human life, the bearing of firearms while under the influence of intoxicants be subject to the same penalties as the operation of motor vehicles while in the same condition.
20. WHEREAS at the present time no button or badge is issued with all provincial hunting licenses by the Department, and whereas it is deemed in the best interest of conservation, the retaining of the good will of the farmers, the protection of good honest sportsmen, and the respect of the game laws; and whereas the necessity of having such a button worn so that it may be seen will increase the sale of gun licenses to such an extent that the revenue will easily offset the expenditure by the Department to purchase these buttons;

BE IT RESOLVED that this Association recommends that a large button be issued with every provincial hunting license except the \$1.00 gun license.

21. That the laws relating to guides' licenses be rigidly enforced, and that these licenses should not be issued without the approval of the local fish and game overseer.
22. WHEREAS the character and sporting ethics of applicants for vermin permits may not be fully known by the head office of the Department of Lands and Forests, and whereas some recipients of licenses issued by them have been found to be misusing this privilege;

THEREFORE BE IT RESOLVED that vermin permits shall not be issued except by the Game Overseer in the locality where the applicant resides, but in no event will a vermin permit be issued without the written consent of the Local Game Overseer.

23. WHEREAS the lack of knowledge of the game laws have caused unnecessary violations; and whereas many novice hunters and fishermen are unaware of the laws;

THEREFORE BE IT RESOLVED that it shall be mandatory for an issuer of licenses to furnish to the purchaser of a license, at the time the license is purchased, a summary of the game laws of the latest issue.

24. WHEREAS general observations made in this region over many years indicate there is a change in general climate conditions that follows broadly the 47th parallel of N. latitude; and whereas this general condition seems to affect the migratory bird flight; and whereas this change is not yet recognized in existing regulations to have the effect of a complete restraint of satisfactory hunting from the migratory bird flights in this North Channel (of Lake Huron) district;

BE IT RESOLVED therefore that the Zone and Federation urge the Department of Lands and Forests to recommend to the authorities concerned that

the aforementioned area be incorporated in the bordering zone to the south thus in effect advancing this hunting season three weeks annually for the area in question (south of 47th parallel), date to be set back two weeks.

25. That the law should read that the holder of a license should be entitled to one deer regardless of age or sex.
26. That in order to facilitate the destruction of wolves, Section 29F of the Game and Fish Regulations be changed to read as follows: No person shall use snares in any part of Ontario during open season for deer, except licensed trappers and others to whom the Department of Lands and Forests may issue permits.

RESOLUTIONS PASSED AT
NORTHERN ONTARIO OUTFITTERS
23RD ANNUAL CONVENTION

HELD AT THE ROYAL YORK HOTEL, TORONTO, ONTARIO
MARCH 8TH, 9TH, 10TH, 1951

WHEREAS the big game population is endangered by the large number of wolves; and whereas trappers are reluctant to hunt and take wolf pups due to the lower bounty on pups;

BE IT RESOLVED that we petition the Department of Lands and Forests to increase the wolf bounty to \$35.00. This to include wolf pups as well as adult wolves.

BE IT RESOLVED that the N.O.O.A. petition the Department of Lands and Forests that the moose season in the congested area in the Kenora-Rainy River District south of the main line of the C.N.R. remain closed.

IT IS RECOMMENDED that the N.O.O.A. request the Department of Lands and Forests to establish controlled moose hunting in Northern Ontario, except in the congested areas that we have asked to remain closed. This to be done by a system of zoning, with an allocation of limited number of licenses to each zone according to the estimated moose population by the Department of Lands and Forests. This regulation to become effective for the season of 1951.

BE IT RESOLVED that we request the Department of Lands and Forests to make no changes in the dates of the deer season in the Kenora-Rainy River District for 1951.

RESOLVED that whereas the deer population in this area is rapidly becoming depleted, and in order to conserve and build up this species of animal to former numbers;

BE IT THEREFORE RESOLVED that the Department of Lands and Forests be petitioned to declare a closed season for deer in all areas west of the C.N.R. to Georgian Bay between Parry Sound to the French River.

WHEREAS due to the Outfitter in the Kenora-Rainy River District not being able to fulfill his contract to non-resident hunters, due to not sufficient available guides during the hunting season; and as this is the only district in Ontario where guides are required by law and as it is a local by-law;

THEREFORE BE IT RESOLVED that the compulsory guide law be discontinued in the Kenora-Rainy River District.

BE IT RESOLVED that we petition the Department of Lands and Forests that the opening date of the duck and goose season in the area north and west of the French and Mattawa Rivers remain as it is but that the closing date be extended until the 25th day of November.

WHEREAS there is an established game preserve known as the Whiteshell Preserve on the Manitoba side of the Ontario-Manitoba boundary, we hereby support a resolution of the Kenora Anglers Club in their request for the establishment of a similar preserve on the Ontario side of the boundary, with the reservation that the east and west width of the reserve not to exceed five miles, and that the north boundary be the C.N.R.

We further ask that when this preserve is established that it be well posted.

WHEREAS there is a large number of canoe parties travelling the vast country north of the C.N.R. in the Kenora-Rainy River District during the season when the fire hazards are the greatest, therefore we request the Department of Lands and Forests to establish and enforce the travel permit regulations in this area.

WHEREAS there is a movement afoot to have the Kenora District made a recreational area;

BE IT RESOLVED that we petition the Department of Lands and Forests to protest any attempt to open the Kenora District as a recreational area due to the heavy investment of Outfitters for sportsmen and the zoning law be strictly enforced.

THIRD MEETING

The Committee met at 10 a.m., April 3rd, in Committee Room No. 2 with the following members present at roll call: Messrs. Allen, the Chairman, Cox, Dennison, Dowling, Easton, Ellis, Grummett, Hanna, Harvey (Nipissing), Harvey (Sault Ste. Marie), Houck, Hunt, Janes, Johnston (Parry Sound), Mackenzie, Martin, Murdoch, McDonald, McPhee, Pringle, Reynolds, Robinson, Robson, Salsberg, Sandercock, Scott (Peterborough), Taylor and White.

The Committee considered 165 resolutions and recommended adoption of six. The others were referred to the Department of Lands and Forests for consideration, except those on which action was deferred.

On motion of Mr. Dowling, seconded by Mr. Taylor, the Committee, with two dissenters, recommended to the government the appointment of a Royal

Commission or Parliamentary Committee to investigate the pollution of the lakes, rivers and streams by industrial, commercial and civic bodies in Ontario. The recommendation was made to the Committee by the Ontario Federation of Anglers and Hunters.

On motion of Mr. Taylor, seconded by Mr. Mackenzie, the Committee recommended that the minimum length of pickerel next year be increased from 13 to 15 inches but that the fish be henceforth measured from tip to tip, rather than from nose to the fork of the tail. The department also was instructed to study the new system of over-all measurement for possible extension to other species.

On motion of Mr. White, seconded by Mr. Johnston (Parry Sound), the Committee recommended that the compulsory guide law be discontinued in the Kenora-Rainy River District, at the request of the Northern Ontario Outfitters' Association which pointed out that due to a shortage of experienced guides in the district, too many unqualified youngsters were leading hunters into the hinterland.

On motion of Mr. Johnston (Parry Sound), seconded by Mr. Ellis, the Committee recommended that a closed season for deer be declared in all areas west of the C.N.R. to Georgian Bay between Parry Sound to the French River.

On motion of Mr. Mackenzie, seconded by Mr. Janes, the Committee recommended that no person shall use snares in any part of Ontario during open season for deer, except licensed trappers and others to whom the Department of Lands and Forests may issue permits.

On motion of Mr. White, seconded by Mr. Johnston (Parry Sound), the Committee recommended that the Lands and Forests Department prohibit the use of dogs for big game hunting in the Kenora-Rainy River District.

On motion by Mr. Dowling, seconded by Mr. White, the Committee unanimously recommended that no action be taken at this time on a proposal that a \$1.00 angling license fee be imposed on residents of this province.

RECOMMENDATIONS	By WHOM	STATUS	COMMENTS
1. (1)— (a) Be it resolved to increase the minimum fines that may be charged for an infraction of the fishing regulations of Ontario.	Ontario Federation of Anglers and Hunters.	(a) The fines for infractions of Fishery Regulations for Ontario are established by Section 66 of the Federal Fisheries Act which provides for "a penalty of not more than \$1,000 in costs and any default of payment to imprisonment for a term not exceeding 12 months or to both."	It might appear unreasonable to ask the Federal Department of Fisheries to provide separate and special penalties for each species of fish and other type of violation against the Fisheries Act and Regulations for each of the ten provinces of the Dominion. Penalties being legislative.
(b) Be it resolved that a schedule of fines be set similar to that in which speeders pay an amount direct ratio to the rate of speed in excess of the legal limit, so that the fines for illegal catches of fish will be in direct ratio to the number of fish retained over the legal limit.			
2. (2) That the non-resident family angling licence be abolished, except that a child under 16 years may fish with parent or guardian without a licence.	Ontario Federation of Anglers and Hunters.	The present fee for individual licences is \$6.50; for family licences \$9.00. In 1949, 143,160 individual licences were issued and 94,153 family licences were issued.	The discontinuance of the family licence has been under consideration for some time now, but has not been carried out, as it is obviously a very popular licence and the courtesy and recreational aspect of husband and wife with their family, including boys and girls

up to 21 years of age, fishing as a family group appears so desirable that no decisive action has been taken in this connection. Non-residents under 12 years of age may fish when accompanied by a member of their family in possession of any non-resident angling licence.

This consideration of the non-resident angler in Ontario, placing him in the same category as a resident angler, appears a desirable condition for those thousands of non-resident visitors who own or rent cottages or summer homes in Ontario and those who spend considerable periods of time here, and is perhaps an undesirable permission for a very small minority of visitors, who spend only a few days in the Province and who do not have the courtesy or are not sufficiently conserva-

The possession limit for non-resident anglers is 2 days' legal catch of each species, which is the same as for a resident of the Province. On leaving non-residents in possession of an individual or family licence may take away one day's catch only.

Ontario Federation of Anglers and Hunters.

3. (3) That the possession limit for non-residents be reduced to one day's legal catch of each species per licence (the same as may be exported).

RECOMMENDATIONS	BY WHOM	STATUS	COMMENTS
4. (4) Be it resolved that there should be a proper marking for the boundary between Ontario and Quebec provinces and also between these two provinces and the United States in the Cornwall area of the St. Lawrence River between Cornwall and Stanley Island, so that there can be no dispute about this area.	Ontario Federation of Anglers and Hunters.		tion-minded to reduce their possession limit to the one day's limit, which they may export when planning to leave the Province. This provision has been under study by the Department for some time.
5. (5) Be it resolved that the Government of Ontario issue a statement in detail concerning the implementation of the various recommendations of the Kennedy Report to the present date and what plans are held for the future fulfillment of the remaining recommendations.	Ontario Federation of Anglers and Hunters.		It is questionable what is inferred by the Resolution for the marking of these boundaries. This should be clarified.
			The boundary between the Province of Ontario or Canada and the United States has been surveyed and determined. The boundary between the Province of Ontario and Quebec from Cornwall to the east boundary of the County of Glen- garry has not as yet been surveyed and agreed upon. The necessary steps will be taken to have this boundary determined.

6. (6) Be it resolved that the Government of Ontario issue a detailed statement of what plans they have in hand for the implementation of the recommendations embodied in the Thomas Report on Conservation.

7. (7) Be it resolved that the Government of the Province of Ontario set up a Royal Commission or a Parliamentary Committee to investigate the pollution of the lakes, rivers and streams by industrial, commercial and civic bodies in Ontario.

Ontario Federation of Anglers and Hunters.

Ontario Federation of Anglers and Hunters.

(a) Lakes and Streams which are receiving effluent from industrial plants, or other activities are under continuous investigation by a chemist of the Department of Lands and Forests in order to assess any harmful effluents and to implement corrective measures.

(b) Research is under way by the Ontario Research Council in relation to specific types of effluent.

(c) The Ontario Research Council is investigating harmful effects of specific types of effluent.

(d) The International Joint Commission is investigating pollution of International waters through a special Committee set up for that purpose.

RECOMMENDATIONS	BY WHOM	STATUS	COMMENTS
8. (8) That the Ontario Federation of Anglers and Hunters in regular meeting was asked to present the following points in representation to our Ontario Government:	Ontario Federation of Anglers and Hunters.		The Department of Lands and Forests urges and encourages all groups interested in conservation to work collectively toward the end of achieving the best management and maintenance of renewable natural resources of the Province.
(a) That the Federation wished to join all other interested associations in presenting the need for conservation of our renewable natural resources.			
(b) That teaching of Conservation to the rising generations is the best way to impress and insure conservation management for the future.			
(c) That the Department of Education will recognize the importance of Conservation to the extent that it will be taught as a major subject in grades 7, 8, 9 and 10 and that suitable textbooks for uniform teaching will be compiled for use in the schools.			
9. (1) Whereas many of our northern trout lakes have been ruined due to the fact that minnows have been liberated by thoughtless fishermen;	Ontario Federation of Anglers and Hunters.	The present regulations are quite clear in this connection and read as follows: Sec. 5, subsection 2: "No person shall use live carp, minnows, or live smelts as bait except in the waters from which	
Therefore be it resolved that the Department of Lands and Forests issue with each Minnow Salesman's Licence, placards, draw-			

ing the attention to the law in regard to the liberation of minnows into waters from which they do not originate, and further, that each licensee shall prominently display such placards at his place of sale.

10. (2) ANNUAL PICKEREL SEASON:

Whereas it is general practice for all Fish and Game Clubs to conserve fish and wildlife, and

Whereas in many parts of the province specific dates for pickerel fishing are adhered to, and

Whereas other species of game fish have specific legal season, and

Whereas pickerel are running to spawn in our district during the dates of April 1st to May 15th approximately, and

Whereas a large number of fish taken during this period are filled with spawn;

Therefore be it resolved that the Ontario Federation of Anglers and Hunters do all within their power to have legislation enacted enforcing a closed season, dates for this season to be from October 15th to May 15th inclusive, except in commercial waters.

they were originally taken."

Section 5, subsection 4:

"No other person shall liberate live minnows, or other small fish to any waters other than those from which they were originally taken."

Ontario Federation of Anglers and Hunters.

No closed season in Great Lakes, Georgian Bay, North Channel and their intervening international connecting waters and River St. Lawrence (except the Bay of Quinte is closed for pickerel from April 1st to May 14th).

Inland Waters:

(a) south of and including the French and Mattawa Rivers and Lake Nipissing: Pickerel—from May 15th to December 31st.

(b) north and west of and excluding the French and Mattawa Rivers and Lake Nipissing:—

Pickerel—from May 15th to April 14th next following.

The most desirable closure for the protection of pickerel regionally throughout the Province is under study by the Department at the present time.

RECOMMENDATIONS	BY WHOM	STATUS	COMMENTS
<p>11. (3) LEGAL SIZE OF PICKEREL :</p> <p>Whereas at the present time the minimum length for taking pickerel is 13 inches, and Whereas it is understood that the female does not spawn until reaching the age of 2 years and in some waters, 4 years, which in both cases is not reached until the pickerel measures in length 15 inches or more, and Whereas the Province of Quebec has a minimum length of 15 inches;</p> <p>Therefore be it resolved that the Fish and Game Committee of the Ontario Legislature be requested to increase the minimum length for taking pickerel from 13 inches to 15 inches or more.</p>	<p>Ontario Federation of Anglers and Hunters.</p>		<p>The Department has under consideration at the present time changing of the regulations providing for an overall measurement of fish rather than the fork of tail measurement which will, of course also require changes in legal length to compensate for the difference in this measurement length.</p>
<p>12. (4) NO SMELT LICENCE WHERE PICKEREL SPAWN :</p> <p>Whereas the granting of a licence to take smelt does not indicate from what waters they may be taken, and Whereas these licences are sometimes used to permit the holder to be on a river or body of water when pickerel are spawning, and Whereas we believe that many spawning pickerel are taken and destroyed;</p> <p>Therefore be it resolved that no permission be granted to take smelts from waters where pickerel are spawning, such as the Napanee River and the Salmon River at Shannonsville.</p>	<p>Ontario Federation of Anglers and Hunters.</p>		<p>This appears to be a very local situation and will be watched carefully with necessary action taken to provide protection for pickerel.</p>

13. (5)—				These recommendations are all local and will be taken under consideration by the Department on this basis.
(a) Be it resolved that the size of pike be 20 inches for northern pike.	Ontario Federation of Anglers and Hunters.			
(b) Be it resolved that the size limit of bass be increased another 2 inches to a 12 inch limit.				
(c) Be it resolved that the use of hoop nets in the Bay of Quinte be prohibited. The leaders of these nets are anchored to shore at Long Point in Big Bay.				
(d) Be it resolved that all confiscated guns and fishing tackle be sold individually at Public Auction, not in bundles or groups.		This is present practice.		
14. (6) That the Government refuse to issue licences for fishing traps in the lower Niagara River.	Ontario Federation of Anglers and Hunters.		Hydro construction in the lower Niagara River requires the discontinuance of the present commercial fishery for the next few years after which consideration will be given before licences are renewed.	
15. (7) That the Department of Lands and Forests of Ontario be asked to endeavour to come to some mutual agreement with the proper American authorities pertaining to the taking of maskinonge in Lake St. Clair.	Ontario Federation of Anglers and Hunters.			This local situation will be investigated by the Department.
16. (8) That we request the regulations pertaining to licensed night line fishing be enforced.	Ontario Federation of Anglers and Hunters.		This is present practice.	

RECOMMENDATIONS	BY WHOM	STATUS	COMMENTS
17. (9) That no licences be issued for seine net fishing in Detroit River and River Canard.	Ontario Federation of Anglers and Hunters.		This local situation will be investigated by the Department.
18. (10) That the taking of lake trout by any means be prohibited during the spawning season in all inland waters.	Ontario Federation of Anglers and Hunters.	This is the present condition in most of the inland waters of the Province at the present time.	The desirability of extending this to all inland waters is currently under study by the Department.
19. (11) This Federation approves of the Department's policy of building more rearing ponds to enable them to distribute more fish of legal size.	Ontario Federation of Anglers and Hunters.		
20. (12) We commend the Ontario Government for the steps it has initiated this year toward the prevention of pollution of the rivers and lakes of Ontario. However, since this is only a beginning, Therefore be it resolved that the Algonquin Zone urge that the Ontario Government continue its investigation of the pollution problem throughout the Province with a view to setting up standards which will serve as a basis for legislation aimed at minimizing this menace to health and recreation.	Ontario Federation of Anglers and Hunters.	Covered by seven as present status.	
21. (13) That a duck sanctuary be established in Whitewater Lake.	Ontario Federation of Anglers and Hunters.		This has been approved by Province of Ontario and is waiting implementation by the Federal Government.

the authority responsible for the establishment of migratory waterfowl sanctuaries.

Ontario Federation of Anglers and Hunters.

22. (14) Whereas in inland waters containing coarse fish (whitefish, etc.), where there is no commercial fishing carried on the natural tendency is for these fish to seriously increase in number at the menace of the game fish population, and

Whereas at the same time by angling and other depletory influences the game fish tendency is to decrease in numbers, and

Whereas there is no way in which interested parties may change this condition;

Be it resolved that this Association urge the Department of Lands and Forests to remove or give cause to be removed by netting under authorized supervision these aforementioned coarse fish (whitefish, suckers, carp, etc.) in lakes and streams where no commercial fishing is carried on and where there is no regular stocking of Lake Trout, and where known damage to game fish species is being caused by these coarse fish.

Ontario Federation of Anglers and Hunters.

23. (15) Whereas there is annual and continuing need for fish planting stock in this district, and

Whereas there would appear to be an excess of usable small mouth black bass stock in Bass Lake (Mongowin Twp.) in this district;

This practice is now under experimental application in the South Bay Research Project and is being carried on in selected waters in the Rideau, Trent, and Kenora areas and will be undertaken as desirable in other waters throughout the Province.

This local condition will come under investigation by the Department. The action recommended is being applied in many lakes of the province

RECOMMENDATIONS	BY WHOM	STATUS	COMMENTS
<p>Be it resolved that this Association recommends that local bass stocking needs be drawn from the aforesaid lake if it seems advisable by the Department of Lands and Forests to the extent practicable.</p>		<p>No fish ladder exists or is contemplated to bypass Whitefish Falls dam.</p>	
<p>24. (16) Whereas there is under consideration by the Department of Lands and Forests the construction of a fish ladder at the new Whitefish Falls dam, for the sole purpose of aiding the fishing conditions on adjacent waters, and</p> <p>Whereas the construction of such a ladder would appear to give access to a substantial area of waters of the undesirable fresh water smelt, during its spring run, foreign in these waters;</p> <p>Be it resolved that this Association objects to the placement of such a ladder.</p>	<p>Ontario Federation of Anglers and Hunters.</p>		
<p>25. (17) That the Department of Lands and Forests should immediately investigate the damage to our fish population through changing water levels, during the spawning seasons of our various fish, and that every effort be made to secure the co-operation of those whose dams control such water levels, including industry and the Ontario Hydro-Electric Power Commission.</p>	<p>Ontario Federation of Anglers and Hunters.</p>	<p>The effect of changing water levels upon the spawning of game fish in various waters is under study and corrective action is being taken wherever possible in co-operation with the Ontario Hydro-Electric Power Commission and other authorities using the water.</p>	

26. The President of the Ontario Federation of Anglers and Hunters indicated that the Federation would be interested in supporting a recommendation for a resident angling licence for the Province of Ontario, providing that the revenue so provided would not go into the consolidated revenue of the Province, but would be used directly and specifically for improvement of fish management within the Province.

27. Whereas the Lake-of-the-Woods and certain waters immediately east thereof have always been famous maskinonge waters, and Whereas this area has never been restocked due to the distance from the only maskinonge rearing ponds now in operation, and

Whereas at Nestor Falls and in the Dryden area there is a natural water supply and telephone service;

Be it resolved that we petition the Department of Lands and Forests to establish hatcheries and maskinonge rearing ponds at Nestor Falls and the Dryden area.

28. Whereas the opportunity for non-residents to show evidence of good fishing as advertised by Dominion, Provincial, District and Municipal travel bureaus, by the export of a reasonable number of fish, and in view of the reaction of non-residents to the tons of commercial fish taken from these waters

Ontario Federation of Anglers and Hunters.

Northern Ontario Outfitters' Association.

Under study and consideration by the District Biologist.

Other fish cultural practices such as establishment of sanctuaries and temporary closure of certain waters are probably more constructive than is the use of hatcheries in maintaining good fishing.

Northern Ontario Outfitters' Association.

This recommendation supports the present practice.

RECOMMENDATIONS	BY WHOM	STATUS	COMMENTS
<p>as compared to the small number they are permitted to take for export;</p> <p>Be it resolved that we urge the continuance of the present export and possession limits on both individual and family licences in the Kenora-Rainy River Districts, but that the regulation providing for cancellation of used coupons be strictly enforced.</p>	<p>Northern Ontario Outfitters' Association.</p>	<p><i>Maskinonge Season:</i> July 1st to October 1st, except— (a) River St. Clair, Lake St. Clair and Detroit River; June 25th to December 15th. (b) Lake Erie and Niagara River from Lake Erie to Niagara Falls; July 1st to December 15th. (c) North and west of and including the French and Mattawa Rivers and Lake Nipissing; June 20th to October 1st.</p>	<p>In view of the increased intensity in fishing pressure, it is not considered desirable to subject the extremely valuable and highly sought maskinonge to any extended fishing pressure through lengthening of the season in the waters of northern Ontario.</p> <p>This recommendation is clear indication of too great dependence on artificial methods of management.</p>
<p>29. limit commercial fishing on Eagle Lake to winter months and not to include spring sucker fishing, and			
32. Whereas commercial gill net fishing is now permitted at or near the mouths of small bays and rivers in Georgian Bay;	Northern Ontario Outfitters' Association.	1. No gill net operation is permitted east of a line running along east shore of Georgian Bay from Sawlog Point, Simcoe County to main outlet of French River (north of Tie Is.). This line runs on the average about 3 miles from the main shore.	1. Blanket closure of all bays would not be reasonable, e.g., Nottawasaga Bay, Dyers Bay and others are large and accessible only to very limited degree to anglers. This crop should be available to gill netters.
Be it resolved that commercial gill nets be removed from the mouths of all bays and rivers entering Georgian Bay and particularly Bad River, as these nets are seriously affecting the angling in all those rivers and their tributaries.		2. Gill nets may not be set within 1,000 yards of a river or stream mouth. This includes Bad River.	2. Gill nets in general are operated in shallow water only in spring (for yellow pickerel) and fall (for lake trout and whitefish).
		3. A number of bays in Georgian Bay have already been closed to commercial fishing including Colpoys, Owen Sound, McGregor, Killarney and Sheguiandah Bays and Strawberry Channel.	3. Consideration could be given to extending the limits, within which gill nets may not be set, beyond the 1,000 yards in the case of Bad River if investigation reveals the necessity of this.
			4. Colpoys and Owen Sound Bays closed to

commercial fishing for years. Request has now come in, supported by Sydenham Sportsmen's Association, that these bays be opened again to commercial fishing. The Secretary of the Sydenham Sportsmen's Association states: "after 22 years of closure we find both bays have become spawning grounds for coarse fish and closure has served no useful purpose."

It would not be feasible to classify them as game fish, as fish which are placed in this category are not under any conditions available for harvest under commercial fishing licences.

The pickerel and northern pike fall in the category of commercial species making them available for both angling and harvesting under commercial fishing licences.

A slightly later opening would, with the same length of season, probably catch all the duck flights in Northern Ontario in a normal year. As zoning arrangements in Canada are on a scale comparable to those in U.S.A. it is doubtful that the federal authorities would agree to a small zone in this area.

Game and Fish Regulations be changed to read as follows:

No person shall use snares in any part of Ontario during open season for deer, except licenced trappers and others to whom the Department of Lands and Forests may issue permits.

93. Whereas the big game population is endangered by the large number of wolves; and
Whereas trappers are reluctant to hunt and take wolf pups due to the lower bounty on pups;
Be it resolved that we petition the Department of Lands and Forests to increase the wolf bounty to \$35.00. This to include wolf pups as well as adult wolves.

94. Be it resolved that the N.O.O.A. petition the Department of Lands and Forests that the moose season in the congested area in the Kenora-Rainy River District south of the main line of the C.N.R. remain closed.

95. It is recommended that the N.O.O.A. request the Department of Lands and Forests to establish controlled moose hunting in Northern Ontario, except in the congested areas that we have asked to remain closed. This is to be done by a system of zoning, with an allocation of limited number of licences by

closed period over most of northern Ontario and limit it strictly to the deer season in the rest. The whole of October would be open everywhere in northern Ontario.

the Department of Lands and Forests. This regulation to become effective for the season of 1951.			
96. Be it resolved that we request the Department of Lands and Forests to make no changes in the dates of the deer season in the Kenora—Rainy River District for 1951.	Northern Ontario Outfitters' Association.		
97. Resolved that whereas the deer population in this area is rapidly becoming depleted, and in order to conserve and build up this species of animal to former numbers; Be it therefore resolved that the Department of Lands and Forests be petitioned to declare a closed season for deer in all areas west of the C.N.R. to Georgian Bay between Parry Sound to the French River.	Northern Ontario Outfitters' Association.	Part of the area closed.	Much of the area carries a good population and in the rest deficiencies of the habitat may be as much to blame as shooting.
98. Whereas due to the Outfitter in the Kenora-Rainy River District not being able to fulfill his contract to non-resident hunters, due to not sufficient available guides during the hunting season; and as this is the only district in Ontario where guides are required by law as it is a local by-law; Therefore be it resolved that the compulsory guide law be discontinued in the Kenora—Rainy River District.	Northern Ontario Outfitters' Association.	Guides required. See 69.	Conflicts with the Ontario Federation of Anglers and Hunters resolution.
99. Be it resolved that we petition the	Northern Ontario	The total number of days

We hereby support a resolution by the Kenora Anglers Club in their request for the establishment of a similar preserve on the Ontario side of the boundary, with the reservation that the east and west width of the reserve not to exceed five miles, and that the north boundary be the C.N.R.

We further ask that when this preserve is established it be well posted.

101. Whereas there is a large number of canoe parties travelling the vast country north of the C.N.R. in the Kenora-Rainy River District during the season when the fire hazards are the greatest there,

We request the Department of Lands and Forests to establish and enforce the travel permit regulations in this area.

Northern Ontario Outfitters' Association.

The Whiteshell area in Manitoba is a Forest Reserve, part of which is closed to hunting. We have never been approached by the Manitoba Government on this. We have a Woodland Caribou C.G. Preserve on the Manitoba border and approached them about protecting caribou on their side, but this protection did not take the form of an extension of the preserve.

The deer on the boundary on our side have been too numerous and the winter forage was overbrowsed. Many died off when a severe winter came last year.

<p>102. Whereas there is a movement afoot to have the Kenora District made a recreational area;</p> <p>Be it resolved that we petition the Department of Lands and Forests to protest any attempt to open the Kenora District as a recreational area due to the heavy investment of Outfitters for sportsmen and the zoning law be strictly enforced.</p>	<p>Northern Ontario Outfitters' Association.</p>		<p>It is not clear whether the resolution covers the whole Kenora administrative district or just a limited area in the immediate vicinity of the Town of Kenora. If the whole Kenora District is involved it would mean scrapping the present zoning system. If only the immediate vicinity of the Town of Kenora itself is involved; at the present time the whole area along the highway west of Kenora to the Manitoba boundary is a recreation or vacation zone; from Kenora east along the highway and south is presently a closed zone, while east along the highway and north of same is presently a limited zone.</p>

be allowed, under the supervision of the Department, to use poison in the taking of wolves. This poison to be one which will not affect any other animal after taken by the wolf. If hunters are going to use dogs for hunting, that they do so at their own risk. A raise in bounty would help, but if the Department cannot raise the bounty they should lift the restrictions.

104. (2) That a bounty be paid on bear. The trappers have found that this animal is very destructive to many kinds of game, and it will create a great deal more interest among the trappers in predator control to have a bounty on them. The bounty should be payable to anyone who kills a bear and they should be required to send in the scalp only, in order to collect the bounty.

105. (3) That a trapper who has had only one conviction and had his licence taken from him, should have his case reviewed and his licence returned to him. The trappers all feel it is too severe a penalty to have his trapping rights taken from him for only one conviction unless it is an extremely severe violation.

107. (5) That the hunting and trapping seasons be handled by zoning on a much closer scale, in accord with the conditions of the seasons and the volume of fur and game in different localities.	New Ontario Trappers' Association.	We try to get seasons to meet all needs; but small subdivisions are undesirable. If an open water season is desirable for Cryderman but not so for Wallace McKee we would have to open both areas, but Mr. McKee ought to realize that he would be under no compulsion to trap in open water. Where all beaver trapping is exclusive and under quota, the trapper should know by now that we want him to name his own time for trapping. Present seasons are those voted by trappers.	
108. (6) That trappers be allowed to shoot otter during open season.	New Ontario Trappers' Association.	Shooting not allowed.	We realize that many otters are shot now. OF THE
LEGISLATIVE ASSEMBLY
OF THE
PROVINCE OF ONTARIO

MONDAY, SEPTEMBER 24TH, 1951

PROCLAMATION

RAY LAWSON

CANADA

PROVINCE OF ONTARIO

GEORGE THE SIXTH by the Grace of God of Great Britain, Ireland and the British Dominions beyond the Seas KING, Defender of the Faith.

To Our Faithful, the Members elected to serve in the Legislative Assembly of our Province of Ontario and to every of you,—GREETING.

DANA PORTER, }
Attorney-General. } **W**HEREAS it is expedient for the purpose of considering a proposed Act of the Province of Ontario to confirm and supplement an Act to be passed by the Parliament of Canada to extend the operations of The Old Age Pensions Act, to convene the Legislative Assembly of Our Province of Ontario, WE DO WILL that you and each of you and all others in this behalf interested, on Monday, the twenty-fourth day of September now next, at Our City of Toronto, personally be and appear for the actual Despatch of Business, to treat, act, do and conclude upon those things which, in Our Legislature for the Province of Ontario, by the Common Council of Our said Province, may by the favour of God be ordained.

HEREIN FAIL NOT.

IN TESTIMONY WHEREOF We have caused these Our Letters to be made Patent and the GREAT SEAL of Our Province of Ontario to be hereunto affixed.

WITNESS:

THE HONOURABLE RAY LAWSON, Officer of Our Most Excellent Order of the British Empire, Doctor of Laws, LIEUTENANT-GOVERNOR OF OUR PROVINCE OF ONTARIO.

At Our City of Toronto in Our said Province this sixth day of September in the year of Our Lord one thousand nine hundred and fifty-one and in the fifteenth year of Our Reign.

BY COMMAND

ARTHUR WELSH,
Provincial Secretary.

Monday, the twenty-fourth day of September, 1951, being the first day of the Fourth Session of the Twenty-third Legislature of the Province of Ontario for the Despatch of Business pursuant to a Proclamation of the Honourable Ray Lawson, O.B.E., LL.D., Lieutenant-Governor of the Province.

3 O'CLOCK P.M.

And the House having met,

The Honourable the Lieutenant-Governor of the Province then entered the House and, being seated on the Throne, was pleased to open the Session by the following gracious speech:

Mr. Speaker and Members of the Legislative Assembly:

I am happy to extend to each of you my greetings on the occasion of this special session of the Twenty-third Legislature of Ontario.

It is with deep regret we learn of the illness of His Majesty, The King. In the heavy duties of his high office he has given of himself unsparingly. We all pray that he may be completely restored to health and be long spared to reign over his people who hold him in the deepest of respect and affection.

This session of the Legislature has been convened to consider legislation of far reaching effect for our people and its deliberations will be historic.

Last December representatives of the Government of Canada and all of the Provinces met in Ottawa to consider proposals for our senior citizens. An agreement was arrived at providing for Old Age Pensions without a means test for all

of our citizens of seventy years and over and for Old Age Assistance with an eligibility test for citizens in the age group from sixty-five to sixty-nine years. This agreement necessitated an amendment to the British North America Act, the form of which was agreed upon by the Federal and Provincial Governments early this year. On an address from the Canadian Parliament the Parliament at Westminster passed the amendment.

This special session has been called for the purpose of considering legislation which if approved will enable my Government to enter into appropriate agreements with the Government of Canada under which the Province will participate in making financial assistance available, as contemplated in those agreements, to those of our citizens who come within the age group of sixty-five to sixty-nine years.

It is the desire of my Government that the citizens of our Province will benefit fully commencing January 1st, 1952, under the Federal-Provincial agreement. You will also be asked to consider the extension of certain health services to Old Age Pensioners, to those receiving assistance, and to all needy blind persons who are twenty-one years of age and over.

I express the wish that your deliberation and decisions in regard to the matters which come before you will be guided by Divine Providence.

The Honourable the Lieutenant-Governor was then pleased to retire.

PRAYERS.

3.10 O'CLOCK P.M.

Mr. Speaker then reported,

That, to prevent mistakes, he had obtained a copy of His Honour's Speech, which he read.

On motion by Mr. Frost, seconded by Mr. Jolliffe,

Resolved, That the members of this Legislative Assembly have learned with feelings of profound sorrow of the serious illness of His Majesty the King, and are desirous of giving expression to their sentiments of affection and devotion to our gracious Sovereign; and the Members of this Legislature do humbly pray that it may please The Almighty to restore His Majesty to health and strength and that he may long be spared to give guidance to His People and the Nation.

Mr. Speaker then made the following prayer:—

Almighty God, the giver of life, and health, by whose hands all men are created, we Thy servants humbly implore Thy mercy and goodness for the restoration and safe-keeping of our Sovereign Lord King George. Give we pray Thee to those who minister to him skill and wisdom, understanding and knowledge that if it be Thy gracious will he may be granted further service in his day

and generation to the well-being of us his subjects and to the added extension of Thy wisdom among all men. Give him patience in his suffering, faith in his trial and a happy issue out of all his affliction, and this we beg through Jesus Christ our Lord, the Great Physician of body and soul. Amen.

The following Bills were introduced, read the first time, and ordered to be read the second time to-morrow:—

Bill No. 1, An Act respecting Old Age Assistance. *Mr. Goodfellow.*

Bill No. 2, An Act respecting Allowances for Blind Persons. *Mr. Goodfellow.*

On motion by Mr. Frost, seconded by Mr. Doucett,

Ordered, That, during the present session of the Assembly, provision be made for taking of stenographic reports of debates and speeches and to that end that Mr. Speaker be authorized to employ the necessary stenographers at such rates of compensation as may be agreed to by him, copies of said stenographic reports to be supplied to the Honourable the Lieutenant-Governor, to Mr. Speaker, to the Clerk of the Assembly, to the Legislative Library, to each Member of the Assembly, to the offices of the Leaders of each party represented in the Assembly, to the Reference Libraries of the Province and the Press Gallery.

On motion by Mr. Frost, seconded by Mr. Doucett,

Ordered, That Mr. Patrick, the Member for the Electoral District of Middlesex North, be appointed as Chairman of the Committee of the Whole House for the present Session.

The House then adjourned at 4.13 p.m.

TUESDAY, SEPTEMBER 25TH, 1951

PRAYERS.

3 O'CLOCK P.M.

Before the Orders of the Day the Prime Minister introduced to the House the Honourable Angus L. Macdonald, P.C., K.C., S.J.D., Prime Minister of the Province of Nova Scotia. Mr. Macdonald delivered a brief address to the House.

The Order of the Day for the Second Reading of Bill No. 1, An Act respecting Old Age Assistance, having been read, Mr. Goodfellow moved that the Bill be now read a second time, and, a debate arising, after some time,

On motion by Mr. Salsberg, the debate was adjourned.

The House then adjourned at 6.05 p.m.

WEDNESDAY, SEPTEMBER 26TH, 1951

PRAYERS.

3 O'CLOCK P.M.

On motion by Mr. Frost, seconded by Mr. Doucett,

Ordered, That when this House adjourns the present Sitting thereof it do stand adjourned to meet at 10.30 o'clock to-morrow morning and that the provisions of Rule No. 2 of the Assembly be suspended so far as they might apply to this motion.

The Order of the Day for resuming the Adjourned Debate on the Motion for Second Reading of Bill No. 1, An Act respecting Old Age Assistance, having been read,

The Debate continued, and, after some time, the motion having been put, was carried on the following unanimous recorded vote:—

And the Bill was accordingly read a second time and referred to the Committee of the Whole House.

The following Bill was read the second time and referred to the Committee of the Whole House:—

Bill No. 2, An Act respecting Allowances for Blind Persons.

The House resolved itself into a Committee to consider certain Resolutions and certain Bills.

Mr. Frost acquainted the House that the Honourable the Lieutenant-Governor, having been informed of the subject matter of the Resolutions recommends them to the consideration of the House.

After some time, Mr. Speaker resumed the Chair, and Mr. Stewart reported that the Committee had come to certain Resolutions as follows:—

Resolved,

That,

- (a) the Minister of Public Welfare, with the approval of the Lieutenant-Governor in Council, may, on behalf of the Government of Ontario, make an agreement with the Minister of National Health and Welfare on behalf of the Government of Canada to provide for the payment by Canada to Ontario in accordance with *The Old Age Assistance Act* (Canada) and the regulations made under it of amounts in respect of assistance paid by Ontario pursuant to this Act and the regulations, not exceeding, in respect of any recipient, 50 per cent of \$40 monthly or of the amount of assistance paid by Ontario monthly to the recipient, whichever is the lesser; and
- (b) old age assistance shall be exempt from provincial and municipal taxes; and
- (c) assistance and the expenses of administration and the cost of providing medical and dental services to recipients of old age assistance shall be paid.

as provided by Bill No. 1, An Act respecting Old Age Assistance.

Resolved,

That,

- (a) the Minister of Public Welfare, with the approval of the Lieutenant-Governor in Council, may, on behalf of the Government of Ontario, make an agreement with the Minister of National Health and Welfare on behalf of the Government of Canada to provide for the payment by Canada to Ontario in accordance with *The Blind Persons Act* (Canada) and the regulations made under it of amounts in respect of allowances paid by Ontario pursuant to this Act and the regulations, not exceeding in respect of any recipient, 75 per cent of \$40 monthly or of the amount of allowance paid by Ontario monthly to the recipient, whichever is the lesser; and
- (b) allowances shall be exempt from provincial and municipal taxes; and
- (c) allowances and the expenses of administration and the cost of providing medical and dental services to recipients of allowances shall be paid.

as provided by Bill No. 2, An Act respecting Allowances for Blind Persons.

Also, That the Committee had directed him to report the following Bills without amendment:—

Bill No. 1, An Act respecting Old Age Assistance.

Bill No. 2, An Act respecting Allowances for Blind Persons.

Ordered, That the Report be now received and adopted and that the Bills reported be severally read the third time to-morrow.

The House then adjourned at 6.53 p.m.

THURSDAY, SEPTEMBER 27TH, 1951

PRAYERS.

10.30 O'CLOCK A.M.

On motion by Mr. Frost, seconded by Mr. Doucett,

Ordered, That the speech of the Honourable the Lieutenant-Governor to this House on Monday, September the 24th, be taken into consideration to-day.

The Order of the Day for the Consideration of the Speech of the Honourable the Lieutenant-Governor at the opening of the Session having been read,

Mr. McDonald moved, seconded by Mr. Johnston (Simcoe Centre),

That an humble Address be presented to the Honourable the Lieutenant-Governor as follows:—

*To the Honourable Ray Lawson, O.B.E., LL.D.,
Lieutenant-Governor of the Province of Ontario.*

We, His Majesty's most dutiful and loyal subjects, the Legislative Assembly of the Province of Ontario, now assembled, beg leave to thank Your Honour for the gracious speech Your Honour has addressed to us.

And a debate having ensued, after some time,

Mr. Jolliffe moved, seconded by Miss Macphail,

That the Motion for an Address in Reply to the Speech of the Honourable the Lieutenant-Governor now before the House be amended by adding thereto the following words:—

But this House, while acknowledging the progress made in relation to Old Age Assistance, regrets the refusal of the Government to give due consideration to the most needy victims of inflation, and in particular its refusal to make any provision for a cost-of-living supplement or adequate health services.

The Debate was resumed and, after some time,

Mr. McLeod moved, seconded by Mr. Salsberg,

That the Amendment to the Motion for an Address in Reply to the Speech of the Honourable the Lieutenant-Governor now before the House be amended by striking out all the words after the word "government" in the second line and substituting therefore the following:—

"to make provision for the most needy victims of inflation and in particular its refusal to use its ample revenues to restore the \$10 monthly supplement and provide adequate health services for our senior citizens."

So that the Amendment as amended shall read:—

"But this House, while acknowledging progress made in relation to old age assistance, regrets the refusal of the Government to make provision for the most needy victims of inflation and in particular its refusal to use its ample revenues to restore the \$10 monthly supplement and provide adequate health services for our senior citizens."

The Amendment to the Amendment having been put was declared to be lost.

The Amendment to the Motion having then been put, was lost on the following Division:—

The main Motion, having then been put, was declared to be carried.

And it was,

Resolved, That an humble Address be presented to the Honourable the Lieutenant-Governor of the Province of Ontario, as follows:—

*To the Honourable Ray Lawson, O.B.E., LL.D.,
Lieutenant-Governor of the Province of Ontario.*

We, His Majesty's dutiful and loyal subjects, the Legislative Assembly of the Province of Ontario, now assembled, beg leave to thank Your Honour for the gracious speech Your Honour has addressed to us.

The Address, having been read the second time, was agreed to.

Ordered, That the Address be engrossed and presented to the Honourable the Lieutenant-Governor by those Members of this House who are Members of the Executive Council.

The following Bills were read the third time and were passed:—

Bill No. 1, An Act respecting Old Age Assistance.

Bill No. 2, An Act respecting Allowances for Blind Persons.

The Honourable the Lieutenant-Governor of the Province entered the Chamber of the Legislative Assembly and being seated upon the Throne,

Mr. Speaker addressed His Honour in the following words:—

May it please Your Honour:

“The Legislative Assembly of the Province has at its present Sittings thereof passed two Bills to which, in the name and on behalf of the said Legislative Assembly, I respectfully request Your Honour’s Assent.”

The Clerk Assistant then read the titles of the Bills that had passed as follows:—

“The following are the Titles of the Bills to which Your Honour’s Assent is prayed:—

Bill No. 1, An Act respecting Old Age Assistance.

Bill No. 2, An Act respecting Allowances for Blind Persons.

To these Acts the Royal Assent was announced by the Clerk of the Legislative Assembly in the following words:—

“In His Majesty’s name, the Honourable the Lieutenant-Governor doth assent to these Bills.”

The Honourable the Lieutenant-Governor was then pleased to deliver the following gracious speech:—

Mr. Speaker and Members of the Legislative Assembly:—

It is my duty to prorogue this special session of the Twenty-third Legislature of the Province of Ontario. I wish to thank you in the name of His Majesty for your loyal attention to the business of the people of this Province.

We again pray that His Majesty, The King, will be restored to health and long spared. It is gratifying to learn that his condition is improving, and, with all of his loyal subjects, we hope fervently that he will pass successfully the imminent critical stage of his illness. Our sympathy and affection go to all members of the Royal Family and we pray that they may be spared, so far as can be, the great anxieties of their high public office.

During this special session you have passed two measures of great significance to the well-being and security of our people. Under these measures my Government may now enter into formal agreements with the Government of Canada which will provide financial assistance to those of our citizens between the ages of sixty-five and seventy years who require it. A new form of assistance in co-operation with the Government of Canada will become available to those persons afflicted with blindness, between the ages of twenty-one and sixty-five years who may be facing difficult financial problems.

These two measures implement decisions arrived at by the Federal and Provincial Governments in a spirit which recognizes, and amplifies, the conception of unity of purpose within all of the people of Canada. These measures become an integral part, with the universal old age pension, of a great programme of national security.

Provision has also been made for the appropriation of public funds for the purposes of these measures, for which I express my thanks.

May I thank you also for your loyal service to our people and I am confident that under the guidance of Divine Providence the security of the people of this Province, and indeed of the people of the whole of Canada, will be strengthened.

The Provincial Secretary then said:—

Mr. Speaker and Gentlemen of the Legislative Assembly:—

It is the will and pleasure of the Honourable the Lieutenant-Governor that this Legislative Assembly be prorogued and this Legislative Assembly is accordingly prorogued.
